9.4.2. If for any reason the foregoing covenant is determined to be unenforceable or in some way invalid, or if District should fail or refuse to abide by such covenant, then, to the extent it may lawfully do so, District agrees that the financial interest of Developer shall be as indicated in Section 6.1 of this Facilities Lease.

**10.2. Authorization.** Developer has the full power and authority to enter into, to execute and to deliver this Facilities Lease, and to perform all of its duties and obligations hereunder, and has duly authorized the execution of this Facilities Lease.

**10.3. No Violations.** Neither the execution and delivery of this Facilities Lease and the Site Lease, nor the fulfillment of or compliance with the terms and conditions hereof or thereof, nor the consummation of the transactions contemplated hereby or thereby, conflicts with or results in a breach of the terms, conditions or provisions of any restriction or any agreement or instrument to which Developer is now a party or by which Developer is bound, or constitutes a default under any of the foregoing, or results in the creation or imposition of any lien, charge or encumbrance whatsoever upon any of the property or assets of Developer, or upon the Project Site, except Permitted Encumbrances.

**10.4. No Bankruptcy.** Developer is not now nor has it ever been in bankruptcy or receivership.

**10.5. No Encumbrances.** Developer shall not pledge any District payments of any kind, related to the Site Lease, this Facilities Lease, or in any way derived from the Project Site, and shall not mortgage or encumber the Project Site, except as may be specifically permitted pursuant to the provisions of this Facilities Lease related to Developer's financing the construction of the Project.

**10.6. Continued Existence.** Developer shall not voluntarily commence any act intended to dissolve or terminate the legal existence of Developer, at or before the latest of the following:

### **11.1. Construction of Project.**

11.1.1. Developer agrees to cause the Project to be developed, constructed, and installed in accordance with the terms hereof and the Construction Provisions set forth in **Exhibit D**, including those things reasonably inferable from the Contract Documents as being within the scope of the Project and necessary to produce the stated result even though no mention is made in the Contract Documents.

11.1.2. **Contract Time / Construction Schedule.** It is hereby understood and agreed that the Contract Time for this Project shall be from \_\_\_\_\_, 2011 through \_\_\_\_\_, 201\_, ("Contract Time"). The Project shall be performed pursuant to the construction schedule attached hereto as **Exhibit F** ("Construction Schedule"), which must be approved by the District prior to execution of this Facilities Lease.

11.1.3. **Schedule of Values.** The Developer has provided a schedule of values, approved by the District, which is attached hereto as **Exhibit G** ("Schedule of Values"). The Schedule of Values must be approved by the District.

11.1.4. **Liquidated Damages:**

Time is of the essence for all work Developer must perform to complete the Project. It is hereby understood and agreed that it is and will be difficult and/or impossible to ascertain and determine the actual damage that the District will sustain in the event of and by reason of Developer's delay; therefore, Developer agrees that it shall pay to the District the sum of one thousand dollars (\$1,000) per day as liquidated damages for each and every day's delay beyond the Contract Time.

11.1.4.1. It is hereby understood and agreed that this amount is not a penalty.

11.1.4.2. In the event any portion of the liquidated damages is not paid to the District, the District may deduct that amount from any money due or that may become due the Developer under this Facilities Lease. The District's right to assess liquidated damages is as indicated herein and in **Exhibit D**.

11.1.4.3. The time during which the construction of the Project is delayed for cause as hereinafter specified may extend the time of completion for a reasonable time as the District may grant. This provision does not exclude the recovery of damages for delay by either party under other provisions in the Facilities Lease.

**12. Maintenance.** Following delivery of possession of the Project by Developer to District, the repair, improvement, replacement and maintenance of the Project and the Project Site shall be at the sole cost and expense and the sole responsibility of the District, subject only to all warranties against defects in materials and workmanship of Developer as provided in **Exhibit D**. The District shall pay for or otherwise arrange for the payment of the cost of the repair and replacement of the Project resulting from ordinary wear and tear. The District waives the benefits of subsections 1 and 2 of Section 1932 of the California Civil Code, but such waiver shall not limit any of the rights of the District under the terms of this Facilities Lease.

**13. Utilities.** Following delivery of possession of the Project by Developer to District, the cost and expenses for all utility services, including, but not limited to, electricity, natural gas, telephone, water, sewer, trash removal, cable television, janitorial service, security, heating, water, internet service and all other utilities of any type shall be paid by District.

**14. Taxes and Other Impositions.** All ad valorem real property taxes, special taxes, possessory interest taxes, bonds and special lien assessments or other impositions of any kind with respect to the Project, the Project Site and the improvements thereon, charged to or imposed upon either Developer or the District or their respective interests or estates in the Project, shall at all times be paid by District. In the event any possessory interest tax is levied on Developer, its successors and assigns, by virtue of this Facilities Lease or the Site Lease, District shall pay such possessory interest tax directly, if possible, or shall reimburse Developer, its successors and assigns for the full amount thereof within thirty (30) days after presentation of proof of payment by Developer.

**15.2. District’s Insurance.**

**15.2.1. Rental Interruption Insurance.** District shall at all times from and after District’s acceptance of the Project, for the benefit of District and Developer, as their interests may appear, rental interruption insurance to cover loss, total or partial, of the use of the Project due to damage or destruction, in an amount at least equal to the maximum estimated Lease Payments payable under this Facilities Lease during the current or any future twenty-four (24) month period. This insurance may be maintained as part of or in conjunction with any other insurance coverage carried by the District, and such insurance may be maintained in whole or in part in the form of participation by the District in a joint powers agency or other program providing pooled insurance. This insurance may not be maintained in the form of self-insurance. The proceeds of this insurance shall be paid to the Developer.

**15.2.2. Property Insurance.** District shall at all times from and after District’s acceptance of the Project, carry and maintain in force a policy of property insurance for 100% of the insurable replacement value with no coinsurance penalty, on the Project Site and the Project, together with all improvements thereon, under a standard “all risk” contract insuring against loss or damage. Developer shall be named as additional insureds or co-insureds thereon by way of endorsement. District shall not be relieved from the obligation of supplying any additional funds for replacement of the Project and the improvements thereon in the event of destruction or damage where insurance does not cover replacement costs. District shall have the right to procure the required insurance through a joint powers agency or to self-insure against such losses or portion thereof as is deemed prudent by District.

**16. Indemnification.**

**16.1. Developers Indemnity Obligation.** The Developer shall indemnify, defend with legal counsel reasonably acceptable to the District, its Board and its consultants, the Architect and its consultants, keep and hold harmless the District its Board and its consultants, the Architect and its consultants, the construction manager and its consultants, separate contractors, and their respective board members, officers, representatives, contractors, agents, and employees, in both individual and official capacities (“Indemnitees”), against all suits, claims, damages, losses, and expenses, caused by, arising out of, resulting from, or incidental to, the performance of the work

under the Contract Documents by the Developer or its subcontractors to the full extent allowed by the laws of the State of California, and not to any extent that would render these provisions void or unenforceable, including, without limitation, any such suit, claim, damage, loss, or expense attributable to, without limitation, bodily injury, sickness, disease, death, alleged patent violation or copyright infringement, or to injury to or destruction of tangible property (including damage to the work itself) including the loss of use resulting therefrom, except to the extent caused wholly by the sole negligence or willful misconduct of the Indemnitees. This agreement and obligation of the Developer shall not be construed to negate, abridge, or otherwise reduce any right or obligation of indemnity that would otherwise exist as to any party or person described herein. This indemnification, defense, and hold harmless obligation includes any failure or alleged failure by Developer to comply with any provision of law or the Contract Documents, including, without limitation, any stop notice actions, or liens by the California Department of Labor Standards Enforcement.

16.1.1. The Developer shall give prompt notice to the District in the event of any injury (including death), loss, or damage included herein. Without limitation of the provisions herein, if the Developer's agreement to indemnify, defend, and hold harmless the Indemnitees as provided herein against liability for damage arising out of bodily injury to persons or damage to property caused by or resulting from the negligence of any of the Indemnitees shall to any extent be or be determined to be void or unenforceable, it is the intention of the parties that these circumstances shall not otherwise affect the validity or enforceability of the Developer's agreement to indemnify, defend, and hold harmless the rest of the Indemnitees, as provided herein, and in the case of any such suits, claims, damages, losses, or expenses caused in part by the default, negligence, or act or omission of the Developer, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, and in part by any of the Indemnitees, the Developer shall be and remain fully liable on its agreements and obligations herein to the full extent permitted by law.

16.1.2. In any and all claims against any of the Indemnitees by any employee of the Developer, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the Developer's indemnification obligation herein shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for the Developer or any subcontractor under workers' compensation acts, disability benefit acts, or other employee benefit acts.

**16.2. District's Indemnity Obligation.** District shall indemnify, defend and hold harmless Developer and Developer's officers, directors, shareholders, partners, members, agents and employees from and against any claims, damages, costs, expenses, judgments or liabilities connected with this Facilities Lease, including, without limitation claims, damages, expenses, or liabilities for loss or damage to any property or for death or injury to any person or persons, only to the extent that those claims, damages, expenses, judgments or liabilities arise from the negligence or willful acts or omissions of District, its officers, agents or employees at the Project.

## **17. Eminent Domain.**

**17.1. Total Taking After Project Delivery.** If, following delivery of possession of the Project by Developer to District, all of the Project and the Project Site is taken

permanently under the power of eminent domain, the Term shall cease as of the day possession shall be so taken.

17.1.1. The financial interest of Developer shall be limited to the amount of principal payments pursuant to the Guaranteed Maximum Price Provisions indicated in **Exhibit C** that are then due or past due together with all remaining and succeeding principal payments pursuant to the Guaranteed Maximum Price Provisions indicated in **Exhibit C** for the remainder of the original Term. For example, if all of the Project and the Project Site is taken at the end of the 3rd year of the Term, Developer shall be entitled to receive from the eminent domain award the sum of all principal payments pursuant to the Guaranteed Maximum Price Provisions indicated in **Exhibit C** that would have been owing for the 4<sup>th</sup> year through the end of the Term had there been no taking.

17.1.2. The balance of the award, if any, shall be paid to the District.

**17.2. Total Taking Prior to Project Delivery.** If all of the Project and the Project Site is taken permanently under the power of eminent domain and the Developer is still performing the work of the Project and has not yet delivered possession of the Project to District, the Term shall cease as of the day possession shall be so taken. The financial interest of Developer shall be the amount Developer has expended to date for work performed on the Project, subject to documentation reasonably satisfactory to the District.

**17.3. Partial Taking.** If, following delivery of possession of the Project by Developer to District, less than all of the Project and the Project Site is taken permanently, or if all of the Project and the Project Site or any part thereof is taken temporarily, under the power of eminent domain:

17.3.1. This Facilities Lease shall continue in full force and effect and shall not be terminated by virtue of that partial taking and the Parties waive the benefit of any law to the contrary, and

17.3.2. There shall be a partial abatement of any principal payments pursuant to the Guaranteed Maximum Price Provisions indicated in **Exhibit C** as a result of the application of the net proceeds of any eminent domain award to the prepayment of those payments hereunder. The Parties agree to negotiate, in good faith, for an equitable split of the net proceeds of any eminent domain award and a corresponding reduction in the payments required pursuant to the Guaranteed Maximum Price Provisions indicated in **Exhibit C**, and

**18. Damage and Destruction.** If, following delivery of possession of the Project by Developer to District, the Project is totally or partially destroyed due to fire, acts of vandalism, flood, storm, earthquake, Acts of God, or other casualty beyond the control of either party hereto, the Term shall end and District shall no longer be required to make any payments required pursuant to the Guaranteed Maximum Price Provisions indicated in **Exhibit C** that are then due or past due or any remaining and succeeding principal payments pursuant to the Guaranteed Maximum Price Provisions indicated in **Exhibit C** for the remainder of the original Term. The Developer shall still be due any funds, payments, or disbursements from the District's rental interruption insurance to pay for the amounts that would otherwise have been due and owing from the District under **Exhibit C**.

## **19. Abatement.**

**19.1.** If, after the Parties have executed the Memorandum of Commencement Date attached hereto as **Exhibit E**, the Project becomes destroyed or damaged beyond repair, the District may determine its use of the Project abated. Thereafter, the District shall have no obligation to make, nor shall the Developer have the right to demand, the Lease Payments as indicated in the Guaranteed Maximum Price Provisions indicated in **Exhibit C** to this Facilities Lease. The Term shall cease at that time.

**19.2.** The Parties hereby agree that the net proceeds of the District's rental interruption insurance that the District must maintain during the Term, as required herein, shall constitute a special fund for the payment of the Lease Payments indicated in the Guaranteed Maximum Price Provisions indicated in **Exhibit C**.

**19.3.** The District shall as soon as practicable after such event, apply the net proceeds of its insurance policy intended to cover that loss ("Net Proceeds"), either to:

19.3.1. Repair the Project to full use;

19.3.2. Replace the Project, at the District's sole cost and expense, with property of equal or greater value to the Project immediately prior to the time of the destruction or damage, with that replacement, once completed, shall be substituted in this Facilities Lease by appropriate endorsement; or

19.3.3. Exercise the District's purchase option as indicated in the Guaranteed Maximum Price Provisions indicated in **Exhibit C** to this Facilities Lease.

**19.4.** The District shall notify the Developer of which course of action it desires to take within thirty (30) days after the occurrence of the destruction or damage. The Net Proceeds of all insurance payable with respect to the Project shall be available to the District and shall be used to discharge the District's obligations under this Section.

## **20. Access**

**20.1. By Developer.** Developer shall have the right at all reasonable times to enter upon the Project Site to construct the Project pursuant to this Facilities Lease. Following the acceptance of the Project by District, Developer may enter the Project at reasonable times with advance notice and arrangement with District for purposes of making any repairs required to be made by Developer.

**20.2. By District.** The District shall have the right to enter upon the Project Site at all times. District shall comply with all safety precautions and procedures required by Developer.

## **21. Assignment, Subleasing**

**21.1. Assignment and Subleasing by the District.** Any assignment or sublease by District shall be subject to all of the following conditions:

21.1.1. This Facilities Lease and the obligation of the District to make the payments required pursuant to the Guaranteed Maximum Price Provisions indicated in **Exhibit C** shall remain obligations of the District; and

21.1.2. The District shall, within thirty (30) days after the delivery thereof, furnish or cause to be furnished to Developer a true and complete copy of any assignment or sublease.

**21.2. Assignment by Developer.** Developer may assign its right, title and interest in this Facilities Lease, in whole or in part to one or more assignees, only after the written consent of District, which District will not unreasonably withhold. No assignment shall be effective against the District unless and until the District has consented in writing. Notwithstanding anything to the contrary contained in this Facilities Lease, no consent from the District shall be required in connection with any assignment by Developer to a lender for purposes of financing the Project as long as there are not additional costs to the District.

## **22.Events Of Default of District**

**22.1. Events of Default by District Defined.** The following shall be "Events of Default" of the District under this Facilities Lease. The terms "Event of Default" and "Default" shall mean, whenever they are used as to the District in the Site Lease or this Facilities Lease, one or more of the following events:

22.1.1. Failure by the District to make payments required pursuant to the Guaranteed Maximum Price Provisions indicated in **Exhibit C**, and the continuation of such failure for a period of forty-five (45) days.

22.1.2. Failure by the District to perform any material covenant, condition or agreement in this Facilities Lease and that failure continues for a period of forty-five (45) days after Developer provides District with written notice specifying that failure and requesting that the failure be remedied; provided, however, if the failure stated in the notice cannot be corrected within the applicable period, Developer shall not unreasonably withhold its consent to an extension of such time if corrective action is instituted by the District within the applicable period and diligently pursued until the default is corrected.

**22.2. Remedies on District's Default.** If there has been an Event of Default on the District's part, the Developer may exercise any and all remedies available pursuant to law or granted pursuant to this Facilities Lease; provided, however, there shall be no right under any circumstances to accelerate any of the payments required pursuant to the Guaranteed Maximum Price Provisions indicated in **Exhibit C** or otherwise declare those payments not then past due to be immediately due and payable.

22.2.1. Developer may rescind its leaseback of the Project Site to the District under this Facilities Lease and re-rent the Project Site to another lessee for the remaining Term for no less than the fair market value for leasing the Project Site, which shall be:

22.2.1.1. An amount determined by a mutually-agreed upon appraiser, or

22.2.1.2. If an appraiser cannot be agreed to, an amount equal to the mean between a District appraisal and a Developer appraisal for the Project Site, both prepared by an MAI-certified appraiser.

22.2.2. District's obligation to make the payments required pursuant to the Guaranteed Maximum Price Provisions indicated in **Exhibit C** shall be:

22.2.2.1. Increased by the amount of costs, expenses, and damages incurred by the Developer in re-renting the Project Site, and

22.2.2.2. Decreased by the amount of rent Developer receives in reletting the Project Site.

22.2.3. The District agrees that the terms of this Facilities Lease constitute full and sufficient notice of the right of Developer to re-rent the Project Site in the Event of Default without effecting a surrender of this Facilities Lease, and further agrees that no acts of Developer in performing a re-renting as permitted herein shall constitute a surrender or termination of this Facilities Lease, but that, on the contrary, in the event of an Event of Default by the District the right to re-rent the Project Site shall vest in Developer as indicated herein.

**22.3. District's Continuing Obligation.** Unless there has been damage, destruction, a taking, or the Developer is in Default as indicated below, the District shall continue to remain liable for the payments required pursuant to the Guaranteed Maximum Price Provisions indicated in **Exhibit C** and those amounts shall be payable to Developer at the time and in the manner as therein provided.

**22.4. No Remedy Exclusive.** No remedy herein conferred upon or reserved to Developer is intended to be exclusive and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Facilities Lease or now or hereafter existing at law or in equity. No delay or omission to exercise any right or power accruing upon any Default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle Developer to exercise any remedy reserved to it in this Section, it shall not be necessary to give any notice, other than such notice as may be required in this Section or by law.

### **23. Events Of Default of Developer**

**23.1. Events of Default by Developer Defined.** The following shall be "Events of Default" of the Developer under this Facilities Lease. The terms "Event of Default" and "Default" shall mean, whenever they are used as to the Developer in the Site Lease or this Facilities Lease, one or more of the following events:

23.1.1.1. Developer unreasonably refuses or fails to prosecute the work on the Project with such reasonable diligence as will accomplish its completion within the time specified or any extension thereof, or unreasonably fails to complete said work within that time;

23.1.1.2. Prior to completion of Project, Developer is adjudged bankrupt, or files for bankruptcy, or if it should make a general assignment for the benefit of its creditors, or if a receiver should be appointed on account of its insolvency;

23.1.1.3. Developer persistently disregards applicable law as indicated in **Exhibit D**, or otherwise be in violation of **Exhibit D**.

23.1.2. Failure by the Developer to perform any material covenant, condition or agreement in this Facilities Lease and that failure continues for a period of forty-five (45) days after District provides Developer with written notice specifying that failure and requesting that the failure be remedied; provided, however, if the failure stated in the notice cannot be corrected within the applicable period, District shall not unreasonably withhold its consent to an extension of such time if corrective action is instituted by the Developer within the applicable period and diligently pursued until the default is corrected.

**23.2. Remedies on Developer's Default.** If there has been an Event of Default on the Developer's part, the District may, without prejudice to any other right or remedy, terminate the Site Lease and Facilities Lease.

23.2.1. If District terminates the Site Lease and the Facilities Lease pursuant to this section, the Project Site and any improvements built upon the Project Site shall vest in District upon termination of the Site Lease and Facilities Lease, and District shall thereafter be required to pay only the principal amounts then due and owing pursuant to the Guaranteed Maximum Price Provisions indicated in **Exhibit C**, less any damages incurred by District due to Developer's Default.

23.2.2. The District shall retain all rights it possesses as indicated in **Exhibit D** including, without limitation:

23.2.2.1. The right to assess liquidated damages due because of any project delay;

23.2.2.2. All rights the District holds to demand performance pursuant to the Developer's required performance bond;

**EXHIBIT C**  
**GUARANTEED MAXIMUM PRICE AND**  
**OTHER MAXIMUM PRICE, FUNDING, AND PAYMENT PROVISIONS**

**1. Site Lease Payments.** As indicated in the Site Lease, Developer shall pay One Dollar (\$1.00) to the District as consideration for the Site Lease.

**2. Guaranteed Maximum Price.** Pursuant to the Facilities Lease, Developer will cause the Project to be constructed for \_\_\_\_\_ **Dollars (\$\_\_\_\_\_)** ("Guaranteed Maximum Price"). Except as indicated herein for modifications to the Project approved by the District, Developer will not seek additional compensation from District in excess of Guaranteed Maximum Price. District shall pay the Guaranteed Maximum Price to Developer in the form of Tenant Improvement Payments and Lease Payments as indicated herein. In the event DEVELOPER and DISTRICT have entered into an Agreement for Preliminary Services for this Project, the compensation for services rendered under the Agreement for Preliminary Services will be considered part of the Guaranteed Maximum Price to be paid to DEVELOPER by DISTRICT.

**2.1. Tenant Improvement Payments.** Prior to the District's taking delivery or occupancy of the Project, the District shall pay to Developer \_\_\_\_\_ Dollars (\$\_\_\_\_\_ ) ("Tenant Improvement Payment(s)"), based on the amount of Work performed according to the Developer's Schedule of Values (**Exhibit G** to the Facilities Lease) and pursuant to the provisions in **Exhibit D** to the Facilities Lease.

2.2.3. **Fair Rental Value.** District and Developer have agreed and determined that the total Lease Payments constitute adequate consideration for the Facilities Lease and are reasonably equivalent to the fair rental value of the Project. In making such determination, consideration has been given to the obligations of the Parties under the Facilities Lease and Site Lease, the uses and purposes which may be served by the Project and the benefits therefrom which will accrue to the District and the general public.

**2.3.** In no event shall the cumulative total of the Tenant Improvement Payments and the Lease Payments ever exceed the Guaranteed Maximum Price as defined herein, unless modified pursuant to **Exhibit D** to the Facilities Lease.

### **3. Changes to Guaranteed Maximum Price.**

Based on these change(s), the Parties may agree to a reduction or increase in the Guaranteed Maximum Price. If a cost impact or a change is agreed to by the Parties, it shall be reflected as a reduction or increase in the Tenant Improvement Payments and paid upon the payment request from the Developer when the work is performed, or deducted from the next payment request from the Developer, as applicable.

**3.2.** The Parties acknowledge that the Guaranteed Maximum Price is based on the Construction Documents, including the plans, and specifications, as identified in **Exhibit D** to the Facilities Lease.

**3.3. Cost Savings.** Developer shall work cooperatively with Architect, subcontractors and District, in good faith, to identify appropriate opportunities to reduce the Project costs and promote cost savings. from, the Contract Documents, that are necessary for the construction and completion of the Project.

## **1.2 Laws Concerning the Contract Documents**

The Contract Documents are subject to all provisions of the Constitution and laws of California governing, controlling, or affecting District, or the property, funds, operations, or powers of District, and such provisions are by this reference made a part hereof. Any provision required by law to be included in the Contract Documents shall be deemed to be inserted.

## **1.3 No Oral Agreements**

No oral agreement or conversation with any officer, agent, or employee of District, either before or after execution of Contract Documents, shall affect or modify any of the terms or obligations contained in any of the Contract Documents.

## **1.4 No Assignment**

Except as specifically permitted in the Facilities Lease, Developer shall not assign the Contract Documents or any part thereof including, without limitation, any services or money to become due hereunder without the prior written consent of the District. Assignment without District's prior written consent shall be null and void. Any assignment of money due or to be come due under the Contract Documents shall be subject to a prior lien for services rendered or material supplied for performance of Work called for under the Contract Documents in favor of all persons, firms, or corporations rendering services or supplying material to the extent that claims are filed pursuant to the Civil Code, Code of Civil Procedure, Government Code, Labor Code, and/or Public Contract Code, and shall also be subject to deductions for liquidated damages or withholding of payments as determined by District in accordance with the Contract Documents. Developer shall not assign or transfer in any manner to a Subcontractor or supplier the right to prosecute or maintain an action against the District.

## **1.5 Notice and Service Thereof**

1.5.1 Any notice from one party to the other or otherwise under the Contract Documents shall be in writing and shall be dated and signed by the party giving notice or by a duly authorized representative of that party. Any notice shall not be effective for any purpose whatsoever unless served in one of the following manners:

1.5.1.1 If notice is given by personal delivery thereof, it shall be considered delivered on the day of delivery.

1.5.1.2 If notice is given by overnight delivery service, it shall be considered delivered on (1) day after date deposited, as indicated by the delivery service.

1.5.1.3 If notice is given by depositing same in United States mail, enclosed in a sealed envelope, it shall be considered delivered three (3) days after date deposited, as indicated by the postmarked date.

1.5.1.4 If notice is given by registered or certified mail with postage prepaid, return receipt requested, it shall be considered delivered on the day the notice is signed for.

**1.6 No Waiver**

The failure of District in any one or more instances to insist upon strict performance of any of the terms of the Contract Documents or to exercise any option herein conferred shall not be construed as a waiver or relinquishment to any extent of the right to assert or rely upon any such terms or option on any future occasion. No action or failure to act by the District, Architect, or Construction Manager shall constitute a waiver of any right or duty afforded the District under the Contract Documents, nor shall any action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

**1.7 Substitutions For Specified Items**

Developer shall not substitute any items identified in the Contract Documents without prior written approval of the District.

**1.8 Materials and Work**

1.8.1 Except as otherwise specifically stated in the Contract Documents, Developer shall provide and pay for all materials, labor, tools, equipment, transportation, supervision, temporary constructions of every nature, and all other services, management, and facilities of every nature whatsoever necessary to execute and complete the Contract Documents within the Contract Time.

1.8.2 Unless otherwise specified, all materials shall be new and the best of their respective kinds and grades as noted or specified, and workmanship shall be of high quality.

1.8.3 Materials shall be furnished in ample quantities and at such times as to insure uninterrupted progress of Work and shall be stored properly and protected as required.

1.8.4 For all materials and equipment specified or indicated in the Drawings and Specifications, the Developer shall provide all labor, materials, equipment, and services necessary for complete assemblies and complete working systems, functioning as intended. Incidental items not indicated on Drawings, nor mentioned in the Specifications, that can legitimately and reasonably be inferred to belong to the Work described, or be necessary in good practice to provide a complete assembly or system, shall be furnished as though itemized here in every detail. In all instances, material and equipment shall be installed in strict accordance with each manufacturer's most recent published recommendations and specifications.

1.8.5 Developer shall, after award of the Project by District and after relevant submittals have been approved, place orders for materials and/or equipment as specified so that delivery of same may be made without delays

to the Work. Developer shall, upon demand from District, present documentary evidence showing that orders have been placed.

1.8.6 District reserves the right but has no obligation, for any neglect in complying with the above instructions, to place orders for such materials and/or equipment as it may deem advisable in order that the Work may be completed at the date specified in the Facilities Lease, and all expenses incidental to the procuring of said materials and/or equipment shall be paid for by Developer or withheld from payment(s) to Developer.

1.8.7 Developer warrants good title to all material, supplies, and equipment installed or incorporated in Work and agrees upon completion of all Work to deliver the Site to District, together with all improvements and appurtenances constructed or placed thereon by it, and free from any claims, liens, or charges. Developer further agrees that neither it nor any person, firm, or corporation furnishing any materials or labor for any work covered by the Contract Documents shall have any right to lien any portion of the Premises or any improvement or appurtenance thereon, except that Developer may install metering devices or other equipment of utility companies or of political subdivision, title to which is commonly retained by utility company or political subdivision. In the event of installation of any such metering device or equipment, Developer shall advise District as to owner thereof.

1.8.8 Nothing contained in this Article, however, shall defeat or impair the rights of persons furnishing materials or labor under any bond given by Developer for their protection or any rights under any law permitting such protection or any rights under any law permitting such persons to look to funds due Developer in hands of District (e.g., Stop Notices), and this provision shall be inserted in all subcontracts and material contracts and notice of its provisions shall be given to all persons furnishing material for work when no formal contract is entered into for such material.

1.8.9 Title to new materials and/or equipment for the Work of the Contract Documents and attendant liability for its protection and safety shall remain with Developer until incorporated in the Work of the Contract Documents and accepted by District. No part of any materials and/or equipment shall be removed from its place of storage except for immediate installation in the Work of the Contract Documents. Developer shall keep an accurate inventory of all materials and/or equipment in a manner satisfactory to District or its authorized representative and shall, at the District's request, forward it to the District.

## 2. **ARCHITECT**

2.1 The Architect shall represent the District during the Project and will observe the progress and quality of the Work on behalf of the District. Architect shall have the authority to act on behalf of District to the extent expressly provided in the Contract Documents and to the extent determined by District. Architect shall have authority to reject materials, workmanship, and/or the Work whenever rejection may be necessary, in Architect's reasonable opinion, to insure the proper execution of the Contract Documents.

2.2 Architect shall, with the District and on behalf of the District, determine the amount, quality, acceptability, and fitness of all parts of the Work, and interpret the Specifications, Drawings, and shall, with the District, interpret all other Contract Documents.

2.3 Architect shall have all authority and responsibility established by law, including title 24 of the California Code of Regulations.

2.4 Developer shall provide District and the Construction Manager with a copy of all written communication between Developer and Architect at the same time as that communication is made to Architect, including, without limitation, all RFIs, correspondence, submittals, claims, and change order requests.

3. **CONSTRUCTION MANAGER**

3.1 If a construction manager is used on this Project ("Construction Manager" or "CM"), the Construction Manager will provide administration of the Contract Documents on the District's behalf. After execution of the Contract Documents, all correspondence and/or instructions from Developer and/or District shall be forwarded through the Construction Manager. The Construction Manager will not be responsible for and will not have control or charge of construction means, methods, techniques, sequences, or procedures or for safety precautions in connection with the Work, which shall all remain the Developer's responsibility.

3.2 The Construction Manager, however, will have authority to reject materials and/or workmanship not conforming to the Contract Documents, as determined by the District, the Architect, and/or the Project Inspector. The Construction Manager shall also have the authority to require special inspection or testing of any portion of the Work, whether it has been fabricated, installed, or fully completed. Any decision made by the Construction Manager in good faith, shall not give rise to any duty or responsibility of the Construction Manager to the Developer, any Subcontractor, their agents, employees, or other persons performing any of the Work. The Construction Manager shall have free access to any or all parts of Work at any time.

3.3 If the District does not use a Construction Manager on this Project, all references to Construction Manager or CM shall be read as District.

3.4 It is agreed that the Construction Manager shall have final say where there is a difference in opinion between the Architect, Construction Manager and Project Inspector and the Developer may rely on any final decision made by the Construction Manager.

4. **INSPECTOR, INSPECTIONS, AND TESTS**

4.1 **Project Inspector**

4.1.1 One or more Project Inspector(s), including special Project Inspector(s), as required, will be assigned to the Work by District, in accordance with requirements of title 24, part 1, of the California Code of Regulations, to enforce the building code and monitor compliance with Plans and Specifications for the Project previously approved by the DSA. Duties of Project Inspector(s) are specifically defined in section 4-342 of said part 1 of title 24.

4.1.2 No Work shall be carried on except with the knowledge and under the inspection of the Project Inspector(s). The Project Inspector(s) shall have free access to any or all parts of Work at any time. Developer shall furnish Project Inspector(s) reasonable opportunities for obtaining such information as may be necessary to keep Project Inspector(s) fully informed respecting progress and manner of work and character of materials. Inspection of Work shall not relieve Developer from an obligation to fulfill the Contract Documents. Project Inspector(s) and the DSA are authorized to stop work whenever the Developer and/or its Subcontractor(s) are not complying with the Contract Documents. Any work stoppage by the Project Inspector(s) and/or DSA shall be without liability to the District. Developer shall instruct its Subcontractors and employees accordingly.

4.1.3 If Developer and/or any Subcontractor requests that the Project Inspector(s) perform any inspection off-site, this shall only be done if it is allowable pursuant to applicable regulations and DSA, if the Project Inspector(s) agree to do so.

4.2 **Tests and Inspections**

4.2.1 Tests and Inspections shall comply with title 24, part 1, California Code of Regulations, group 1, article 5, section 4-335, and with the provisions of the Specifications.

4.2.2 The District will select an independent testing laboratory to conduct the tests. Selection of the materials required to be tested shall be by the laboratory or the District's representative and not by the Developer. The Developer shall notify the District's representative a sufficient time in advance of its readiness for required observation or inspection.

4.2.3 The Developer shall notify the District's representative a sufficient time in advance of the manufacture of material to be supplied under the Contract Documents that must by terms of the Contract Documents be tested, in order that the District may arrange for the testing of same at the source of supply. This notice shall be, at a minimum, seventy-two (72) hours prior to the manufacture of the material that needs to be tested.

4.2.4 Any material shipped by the Developer from the source of supply prior to having satisfactorily passed such testing and inspection or prior to the receipt of notice from said representative that such testing and inspection will not be required, shall not be incorporated into and/or onto the Project.

4.2.5 The District will select and pay testing laboratory costs for all tests and inspections. Costs of tests of any materials found to be not in compliance with the Contract Documents shall be paid for by the District and reimbursed by the Developer or deducted from the Guaranteed Maximum Price.

#### 4.3 **Costs for After Hours and/or Off Site Inspections**

If the Developer performs Work outside the Inspector's regular working hours, costs of any inspections required outside regular working hours shall be borne by the Developer and may be invoiced to the Developer by the District or the District may deduct those expenses from the next Tenant Improvement Payment.

### 5. **DEVELOPER**

Developer shall construct the Work for the Guaranteed Maximum Price including any adjustment(s) to the Guaranteed Maximum Price pursuant to provisions herein regarding changes to the Guaranteed Maximum Price. Except as otherwise noted, Developer shall provide and pay for all labor, materials, equipment, permits, fees, licenses, facilities, transportation, taxes, and services necessary for the proper execution and completion of the Work, except as indicated herein.

#### 5.1 **Status of Developer**

5.1.1 Developer is and shall at all times be deemed to be an independent contractor and shall be wholly responsible for the manner in which it and its Subcontractors perform the services required of it by the Contract Documents. Nothing herein contained shall be construed as creating the relationship of employer and employee, or principal and agent, between the District, or any of the District's employees or agents, and Developer or any of Developer's Subcontractors, agents or employees. Developer assumes exclusively the responsibility for the acts of its employees as they relate to the services to be provided during the course and scope of their employment. Developer, its Subcontractors, agents, and its employees shall not be entitled to any rights or privileges of District employees. District shall be permitted to monitor the Developer's activities to determine compliance with the terms of the Contract Documents.

5.1.2 As required by law, Developer and all Subcontractors shall be properly licensed and regulated by the Contractors State License Board, 3132 Bradshaw Road, Post Office Box 2600, Sacramento, California 98826, <http://www.cslb.ca.gov>.

#### 5.2 **Developer's Supervision**

5.2.1 During progress of the Work, Developer shall keep on the Premises, and at all other locations where any Work related to the Contract Documents is being performed, a competent project manager and

construction superintendent who are employees of the Developer, to whom the District does not object and at least one of whom shall be fluent in English, written and verbal.

5.2.2 The project manager and construction superintendent shall both speak fluently the predominant language of the Developer's employees.

5.2.3 Before commencing the Work herein, Developer shall give written notice to District of the name of its project manager and construction superintendent. Neither the Developer's project manager nor construction superintendent shall be changed except with prior written notice to District, unless the Developer's project manager and/or construction superintendent proves to be unsatisfactory to Developer, District, any of the District's employees, agents, the Construction Manager, or the Architect, in which case, Developer shall notify District in writing. The Developer's project manager and construction superintendent shall each represent Developer, and all directions given to Developer's project manager and/or construction superintendent shall be as binding as if given to Developer.

5.2.4 Developer shall give efficient supervision to Work, using its best skill and attention. Developer shall carefully study and compare all Contract Documents, Drawings, Specifications, and other instructions and shall at once report to District, Construction Manager, and Architect any error, inconsistency, or omission that Developer or its employees and Subcontractors may discover, in writing, with a copy to District's Project Inspector(s). This obligation is for the purpose of facilitating the construction of the Project and it is recognized that Developer's review is made in the Developer's capacity as a general contractor and not as a licensed design professional.

### 5.3 Duty to Provide Fit Workers

5.3.1 Developer and Subcontractor(s) shall at all times enforce strict discipline and good order among their employees and shall not employ any unfit person or anyone not skilled in work assigned to that person. It shall be the responsibility of Developer to ensure compliance with this requirement. District may require Developer to permanently remove unfit persons from Project Site.

5.3.2 Any person in the employ of Developer or Subcontractor(s) whom District may deem incompetent or unfit shall be excluded from working on the Project and shall not again be employed on the Project except with the prior written consent of District.

5.3.3 The Developer shall furnish labor that can work in harmony with all other elements of labor employed or to be employed in the Work.

5.3.4 If Developer intends to make any change in the name or legal nature of the Developer's entity, Developer must first notify the District. The District shall determine if Developer's intended change is permissible while performing the Contract Documents.

#### 5.4 **Purchase of Materials and Equipment**

The Developer is required to order, obtain, and store materials and equipment sufficiently in advance of its Work at no additional cost from District to assure that there will be no delays.

#### 5.5 **Documents On Work**

5.5.1 Developer shall at all times keep on the Work Site, or at another location as the District may authorize in writing, one legible copy of all Contract Documents, including Addenda and Change Orders, and titles 19 and 24 of the California Code of Regulations, the specified edition(s) of the Uniform Building Code, all approved Drawings, Plans, Schedules, and Specifications, and all codes and documents referred to in the Specifications, and made part thereof. These documents shall be kept in good order and available to District, Construction Manager, Architect, Architect's representatives, the Project Inspector(s), and all authorities having jurisdiction. Developer shall be acquainted with and comply with the provisions of these titles as they relate to this Project. (See particularly the duties of Developer, title 24, part 1, California Code of Regulations, section 4-343.) Developer shall also be acquainted with and comply with all California Code of Regulations provisions relating to conditions on this Project, particularly titles 8 and 17. Developer shall coordinate with Architect and Construction Manager and shall submit its verified report(s) according to the requirements of title 24.

##### 5.5.2 **Daily Job Reports.**

5.5.2.1 Developer shall maintain, at a minimum, at least one (1) set of Daily Job Reports on the Project. These must be prepared by the Developer's employee(s) who are present on Site, and must include, at a minimum, the following information:

5.5.2.2 Each day Developer shall provide a copy of the previous day's Daily Job Report to the District or the District's Construction Manager.

## 5.6 Preservation of Records

The District shall have the right to examine and audit all "Daily Job Reports" or other Project records of Developer's project manager(s), project superintendent(s), and/or project foreperson(s), all certified payroll records and/or related documents including, without limitation, payroll, payment, timekeeping and tracking documents; and as it pertains to change orders, all books, estimates, records, contracts, documents, cost data, subcontract job cost reports, and other data of the Developer, any Subcontractor, and/or supplier, including computations and projections related to estimating, negotiating, pricing, or performing the Work or modification, in order to evaluate the accuracy, completeness, and currency of the cost, manpower, coordination, supervision, or pricing data at no additional cost to the District. These documents may be duplicative and/or be in addition to any documents held in escrow by the District. The Developer shall make available at its office at all reasonable times the materials described in this paragraph for the examination, audit, or reproduction until three (3) years after final payment under the Contract Documents. Notwithstanding the provisions above, Developer shall provide any records requested by any governmental agency, if available, after the time set forth above. District agrees that it will not furnish any of the records defined hereunder to any third party other than as required by law.

## 5.7 Integration of Work

5.7.1 Developer shall do all cutting, fitting, patching, and preparation of Work as required to make its several parts come together properly, to fit it to receive or be received by work of other contractors, and to coordinate tolerances to various pieces of work, showing upon, or reasonably implied by, the Drawings and Specifications for the completed structure, and shall conform them as District and/or Architect may direct.

5.7.2 All cost caused by defective or ill-timed Work shall be borne by Developer, inclusive of repair work.

5.7.3 Developer shall not endanger any work performed by it or anyone else by cutting, excavating, or otherwise altering work and shall not cut or alter work of any other contractor except with consent of District.

## 5.8 Obtaining of Permits and Licenses

Developer shall secure and pay for any permits, licenses, and certificates necessary for prosecution of Work before the date of the commencement of the Work or before the permits, licenses, and certificates are legally required to continue the Work without interruption. The Developer shall obtain and pay, only when legally required, for all licenses, permits, inspections, and inspection certificates required to be obtained from or issued by any authority having jurisdiction over any part of the Work included in the Contract Documents. All final permits, licenses, and certificates shall be delivered to District before demand is made for final payment. The costs associated with said permits, licenses and certificates shall be direct reimbursement items and are not subject to any markup.

## 5.9 Work to Comply With Applicable Laws and Regulations

5.9.1 Developer shall give all notices and comply with the following specific laws, ordinances, rules, and regulations and all other applicable laws, ordinances, rules, and regulations bearing on conduct of Work as indicated and specified, including but not limited to the appropriate statutes and administrative code sections. If Developer observes that Drawings and Specifications are at variance therewith, or should Developer become aware of the development of conditions not covered by Contract Documents that will result in finished Work being at variance therewith, Developer shall promptly notify District in writing and any changes deemed necessary by District shall be made as provided in the Contract Documents for changes in Work.

The Developer must erect the necessary warning signs and barricades to ensure the safety of all school occupants. The Developer at all times must maintain good housekeeping practices to reduce the risk of fire damage and must make a fire extinguisher, fire blanket, and/or fire watch, as applicable, available at each location where cutting, braising, soldering, and/or welding is being performed or where there is an increased risk of fire.

5.13.2 Developer at all times shall keep Premises free from debris such as waste, rubbish, and excess materials and equipment caused by the Work. Developer shall not leave debris under, in, or about the Premises, but shall promptly remove same from the Premises on a daily basis. If Developer fails to clean up, District may do so and the cost thereof shall be charged to Developer. If the Contract Documents call for Work on an existing facility, Developer shall also perform specific clean-up on or about the Premises upon request by the District as it deems necessary for the continuing education process. Developer shall comply with all related provisions of the Specifications.

5.13.3 If the Construction Manager, Architect, or District observes the accumulation of trash and debris, the District will give the Developer a 24-hour written notice to mitigate the condition.

5.13.4 Should the Developer fail to perform the required clean-up, or should the clean-up be deemed unsatisfactory by the District, the District will then perform the clean-up. All cost associated with the clean-up work (including all travel, payroll burden, and costs for supervision) will be

deducted from the Guaranteed Maximum Price, or District may withhold those amounts from payment(s) to Developer.

6. **SUBCONTRACTORS**

6.1 Developer shall provide the District with information for all of Developer's Subcontracts and Subcontractors.

6.2 No contractual relationship exists between the District and any Subcontractor, supplier, or sub-subcontractor by reason of the Contract Documents.

6.3 Developer agrees to bind every Subcontractor by terms of the Contract Documents as far as those terms are applicable to Subcontractor's work including, without limitation, all labor, wage & hour, apprentice and related provisions and requirements. If Developer shall subcontract any part of the Work called for by the Contract Documents, Developer shall be as fully responsible to District for acts and omissions of any Subcontractor and of persons either directly or indirectly employed by any Subcontractor, as it is for acts and omissions of persons directly employed by Developer. The divisions or sections of the Specifications are not intended to control the Developer in dividing the Work among Subcontractors or limit the work performed by any trade.

6.4 District's consent to, or approval of, or failure to object to, any Subcontractor under the Contract Documents shall not in any way relieve Developer of any obligations under the Contract Documents and no such consent shall be deemed to waive any provisions of the Contract Documents.

6.5 Developer is directed to familiarize itself with sections 1720 through 1861 of the Labor Code of the State of California, as regards the payment of prevailing wages and related issues, and to comply with all applicable requirements therein all including, without limitation, section 1775 and the Developer's and Subcontractors' obligations and liability for violations of prevailing wage law and other applicable laws.

6.6 The Developer shall be responsible for the coordination of the trades, Subcontractors, sub-subcontractors, and material or equipment suppliers working on the Project.

6.7 Developer is solely responsible for settling any differences between the Developer and its Subcontractor(s) or between Subcontractors.

6.8 Developer must include in all of its subcontracts the assignment provisions as indicated in the Termination section of these Construction Provisions.

7. **OTHER CONTRACTS/CONTRACTORS**

7.1 District reserves the right to let other contracts, and/or to perform work with its own forces, in connection with the Project. Developer shall afford other contractors reasonable opportunity for introduction and storage of their materials and execution of their work and shall properly coordinate and connect Developer's Work with the work of other contractors.

7.2 Developer shall protect the work of any other contractor that Developer encounters while working on the Project.

7.3 If any part of Developer's Work depends for proper execution or results upon work of District or any other contractor, the Developer shall visually inspect, and with reasonable effort, physically inspect all accessible portions of District's or any other contractors work and promptly report to the District in writing before proceeding with its Work any defects in District's or any other contractor's work that render Developer's Work unsuitable for proper execution and results. Developer shall be held accountable for damages to District for District's or any other contractor's work that Developer failed to inspect or should have inspected. Developer's failure to inspect and report shall constitute Developer's acceptance of all District's or any other contractor's work as fit and proper for reception of Developer's Work, except as to defects that may develop in District's or any other contractor's work after execution of Developer's Work.

7.4 To ensure proper execution of its subsequent work, Developer shall measure and inspect work already in place and shall at once report to the District in writing any discrepancy between that executed work and the Contract Documents.

7.5 Developer shall ascertain to its own satisfaction the scope of the Project and nature of District's or any other contracts that have been or may be awarded by District in prosecution of the Project to the end that Developer may perform under the Contract Documents in light of the other contracts, if any.

7.6 Nothing herein contained shall be interpreted as granting to Developer exclusive occupancy of the Site, the Premises, or of the Project. Developer shall not cause any unnecessary hindrance or delay to the use and/or school operation(s) of the Premises and/or to District or any other contractor working on the Project. If simultaneous execution of any contract or school operation is likely to cause interference with performance of Developer's obligations under the Contract Documents, Developer shall coordinate with those contractor(s), person(s), and/or entity(s) and shall notify the District of the resolution and District shall not cause any unnecessary hindrance or delay to the Developer or any other contractor working on the Project.

## 8. **DRAWINGS AND SPECIFICATIONS**

8.1 A complete list of all Drawings that form a part of the Contract Documents are to be found as an index on the Drawings themselves, and/or may be provided to the Developer and/or in the Table of Contents.

8.2 Materials or Work described in words that so applied have a well known technical or trade meaning shall be deemed to refer to recognized standards, unless noted otherwise.

### 8.3 **Trade Name or Trade Term.**

It is not the intention of the Contract Documents to go into detailed descriptions of any materials and/or methods commonly known to the trade under "trade name" or "trade term." The mere mention or notation of "trade name" or "trade term" shall be considered a sufficient notice to Developer that it will be required to complete the

work so named, complete, finished, and operable, with all its appurtenances, according to the best practices of the trade.

8.4 The naming of any material and/or equipment shall mean furnishing and installing of same, including all incidental and accessory items thereto and/or labor therefor, as per best practices of the trade(s) involved, unless specifically noted otherwise.

8.5 Contract Documents are complementary, and what is called for by one shall be binding as if called for by all. As such, Drawings and Specifications are intended to be fully cooperative and to agree. However, if Developer observes that Drawings and Specifications are in conflict, Developer shall promptly notify District and Architect in writing, and any necessary changes shall be made as provided in the Contract Documents.

8.6 Should any question arise concerning the intent or meaning of the Contract Documents, including the Plans and Specifications, the question shall be submitted to the District for interpretation. If a conflict exists in the Contract Documents, these Construction Provisions shall control over the Facilities Lease, which shall control over the Site Lease, which shall control over Division 1 Documents, which shall control over Division 2 through Division 49 documents, which shall control over figured dimensions, which shall control over large-scale drawings, which shall control over small-scale drawings. In no case shall a document calling for lower quality and/or quantity material or workmanship control. However, in the case of discrepancy or ambiguity solely between and among the Drawings and Specifications, the discrepancy or ambiguity shall be resolved in favor of the interpretation that will provide District with the functionally complete and operable Project described in the Drawings and Specifications. In case of ambiguity, conflict, or lack of information, District will furnish clarifications with reasonable promptness.

8.7 Drawings and Specifications are intended to comply with all laws, ordinances, rules, and regulations of constituted authorities having jurisdiction, and where referred to in the Contract Documents, the laws, ordinances, rules, and regulations shall be considered as a part of the Contract Documents within the limits specified.

#### 8.8 **Ownership of Drawings**

All copies of Plans, Drawings, Designs, Specifications, and copies of other incidental architectural and engineering work, or copies of other Contract Documents furnished by District, are the property of District. They are not to be used by Developer in other work and, with the exception of signed sets of Contract Documents, are to be returned to District on request at completion of Work, or may be used by District as it may require without any additional costs to District. Neither the Developer nor any Subcontractor, or material or equipment supplier shall own or claim a copyright in the Drawings, Specifications, and other documents prepared by the Architect. District hereby grants the Developer, Subcontractors, sub-subcontractors, and material or equipment suppliers a limited license to use applicable portions of the Drawings prepared for the Project in the execution of their Work under the Contract Documents.

9. **DEVELOPER'S SUBMITTALS AND SCHEDULES**

9.1 **Construction Schedule**

9.1.1 The Developer shall comply with the construction schedule attached to the Facilities Lease as **Exhibit F** ("Construction Schedule"). **[To be attached when available.]**

9.1.2 Developer must provide all schedules both in hard copy and electronically, in a format (e.g. Primavera) approved in advance by the District.

9.1.3 The District will review the schedules submitted and the Developer shall consider changes and corrections in the schedules as requested by the District.

9.2 **Schedule of Values**

The Developer shall provide a schedule of values for all of the Work, which includes quantities and prices of items aggregating the Guaranteed Maximum Price and subdivided into component parts as per specifications. The Schedule of Values shall not be modified or amended by the Developer without the prior consent and approval of the District, which may be granted or withheld in the sole discretion of the District. The District shall have the right at any time to revise the schedule of values if, in the District's sole opinion, the schedule of values does not accurately reflect the value of the Work performed.

9.3 **Safety Plan.** Developer's Safety Plan specifically adapted for the Project. Developer's Safety Plan shall comply with the following requirements:

9.3.1 All applicable requirements of California Division of Industrial Safety ("CalOSHA") and/or of the United States Occupational Safety and Health Administration ("OSHA").

9.3.2 All provisions regarding Project safety, including all applicable provisions in these Construction Provisions.

9.3.3 Developer's Safety Plan shall be in English and in the language(s) of the Developer's and its Subcontractors' employees.

9.4 **Complete Subcontractor List.** The name, address, telephone number, facsimile number, California State Contractors License number, classification, and monetary value of all Subcontracts for parties furnishing labor, material, or equipment for completion of the Project.

9.5 **Monthly Progress Schedule(s)**

9.5.1 Upon request by the District, Developer shall provide Monthly Progress Schedule(s) to the District. A Monthly Progress Schedule shall update the approved Construction Schedule or the last Monthly Progress Schedule, showing all work completed and to be completed. The monthly Progress Schedule shall be sent within the timeframe requested by the District and shall be in a format acceptable to the District and contain a

written narrative of the progress of work that month and any changes, delays, or events that may affect the work. The process for District approval of the Monthly Progress Schedule shall be the same as the process for approval of the Construction Schedule.

9.5.2 Developer shall also submit Monthly Progress Schedule(s) with all payment applications.

#### 9.6 **Material Safety Data Sheets (MSDS)**

Developer is required to ensure Material Safety Data Sheets are available in a readily accessible place at the Work Site for any material requiring a Material Safety Data Sheet per the Federal "Hazard Communication" standard, or employees right to know law. The Developer is also required to ensure proper labeling on substance brought onto the job site and that any person working with the material or within the general area of the material is informed of the hazards of the substance and follows proper handling and protection procedures. Two additional copies of the Material Safety Data Sheets shall also be submitted directly to the District.

### 10. **SITE ACCESS, CONDITIONS, AND REQUIREMENTS**

#### 10.1 **Site Investigation**

Developer has made a careful investigation of the Site and is familiar with the requirements of the Contract Documents and has accepted the readily observable, existing conditions of the Site.

#### 10.2 **Soils Investigation Report**

10.2.1 When a soils investigation report obtained from test holes at Site is available, that report shall be made available to the Developer.

#### 10.3 **Layout and Field Engineering**

10.3.1 The Developer shall be responsible for having ascertained pertinent local conditions such as location, accessibility, and general character of the Site and for having satisfied itself as to the conditions under which the Work is to be performed. District shall not be liable for any claim for allowances because of Developer's error or negligence in acquainting itself with the conditions at the Site.

10.3.2 Developer shall protect and preserve established benchmarks and monuments and shall make no changes in locations without the prior written approval of District. Developer shall replace any benchmarks or monuments that are lost or destroyed subsequent to proper notification of District and with District's approval.

#### 10.4 **Regional Notification Center**

The Developer, except in an emergency, shall contact the appropriate regional notification center at least two (2) days prior to commencing any excavation if the excavation will be conducted in an area or in a private easement that is known, or reasonably should be known, to contain subsurface installations other than the underground facilities owned or operated by the District, and obtain an inquiry identification number from that notification center. No excavation shall be commenced and/or carried out by the Developer unless an inquiry identification number has been assigned to the Developer or any Subcontractor and the Developer has given the District the identification number. Any damages arising from Developer's failure to make appropriate notification shall be at the sole risk and expense of the Developer. Any delays caused by failure to make appropriate notification shall be at the sole risk of the Developer and shall not be considered for an extension of the Contract Time.

#### 10.5 **Existing Utility Lines**

10.5.1 Pursuant to Government Code section 4215, District assumes the responsibility for removal, relocation, and protection of main or trunk utility lines and facilities located on the construction Site at the time of commencement of construction under the Contract Documents with respect to any such utility facilities that are not identified in the Plans and Specifications. Developer shall not be assessed for liquidated damages for delay in completion of the Project caused by failure of District or the owner of a utility to provide for removal or relocation of such utility facilities.

10.5.2 Locations of existing utilities provided by District shall not be considered exact, but approximate within reasonable margin and shall not relieve Developer of responsibilities to exercise reasonable care nor costs of repair due to Developer's failure to do so. District shall compensate Developer for the costs of locating, repairing damage not due to the failure of Developer to exercise reasonable care, and removing or relocating such utility facilities not indicated in the Plans and Specifications with reasonable accuracy, and for equipment necessarily idle during such work.

10.5.3 No provision herein shall be construed to preclude assessment against Developer for any other delays in completion of the Work. Nothing in this Article shall be deemed to require District to indicate the presence of existing service laterals, appurtenances, or other utility lines, within the exception of main or trunk utility lines. Whenever the presence of these utilities on the Site of the construction Project can be inferred from the presence of other visible facilities, such as buildings, meter junction boxes, on or adjacent to the Site of the construction.

10.5.4 If Developer, while performing Work under the Contract Documents, discovers utility facilities not identified by District in Plans and Specifications, Developer shall immediately notify the District and the utility in writing. In the event Developer fails to immediately provide notice and subsequently causes damage to the utility facilities, the cost of repair for damage to above-mentioned visible facilities shall be borne by the Developer.

#### 10.6 **Notification**

Developer understands, acknowledges and agrees that the purpose for prompt notification to the District pursuant to these provisions is to allow the District to investigate the condition(s) so that the District shall have the opportunity to decide how the District desires to proceed as a result of the condition(s). Accordingly, failure of Developer to promptly notify the District in writing, pursuant to these provisions, shall constitute Developer's waiver of any claim for damages or delay incurred as a result of the condition(s).

#### 10.7 **Hazardous Materials**

Developer shall comply with all provisions and requirements of the Contract Documents related to hazardous materials including, without limitation, Hazardous Materials Procedures and Requirements.

#### 10.8 **No Signs**

Neither the Developer nor any other person or entity shall display any signs not required by law or the Contract Documents at the Site, fences trailers, offices, or elsewhere on the Site without specific prior written approval of the District.

### 11. **TRENCHES**

#### 11.1 **Trenches Greater Than Five Feet**

Pursuant to Labor Code section 6705, if the Guaranteed Maximum Price exceeds \$25,000 and involves the excavation of any trench or trenches five (5) feet or more in depth, the Developer shall, in advance of excavation, promptly submit to the District and/or a registered civil or structural engineer employed by the District or Architect, a detailed plan showing the design of shoring for protection from the hazard of caving ground during the excavation of such trench or trenches.

#### 11.2 **Excavation Safety**

If such plan varies from the Shoring System Standards established by the Construction Safety Orders, the plan shall be prepared by a registered civil or structural engineer, but in no case shall such plan be less effective than that required by the Construction Safety Orders. No excavation of such trench or trenches shall be commenced until said plan has been accepted by the District or by the person to whom authority to accept has been delegated by the District.

#### 11.3 **No Tort Liability of District**

Pursuant to Labor Code section 6705, nothing in this Article shall impose tort liability upon the District or any of its employees.

#### 11.4 **No Excavation Without Permits**

The Developer shall not commence any excavation Work until it has secured all necessary permits including the required CAL OSHA excavation/shoring permit. Any permits shall be prominently displayed on the Site prior to the commencement of any excavation.

## 11.5 **Discovery of Hazardous Waste and/or Unusual Conditions**

11.5.1 Pursuant to Public Contract Code section 7104, if the Work involves digging trenches or other excavations that extend deeper than four feet below the Surface, the Developer shall promptly, and before the following conditions are disturbed, notify the District, in writing, of any:

11.5.1.1 Material that the Developer believes may be material that is hazardous waste, as defined in section 25117 of the Health and Safety Code, is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law.

11.5.1.2 Subsurface or latent physical conditions at the Site differing from those indicated.

11.5.1.3 Unknown physical conditions at the Project Site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract Documents.

11.5.2 The District shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, and cause a decrease or increase in the Developer's cost of, or the time required for, performance of any part of the Work, shall issue a Change Order under the procedures described herein.

11.5.3 In the event that a dispute arises between District and the Developer whether the conditions materially differ or cause a decrease or increase in the Developer's cost of, or time required for, performance of any part of the Work, the Developer shall not be excused from any scheduled completion date provided for by the Contract Documents, but shall proceed with all work to be performed under the Contract Documents. The Developer shall retain any and all rights provided either by the Contract Documents or by law that pertain to the resolution of disputes and protests.

## 12. **INSURANCE AND BONDS**

12.1 **Developer's Insurance.** The Developer shall comply with the insurance requirements as indicated in the Facilities Lease.

### 12.2 **Contract Security - Bonds**

12.2.1 Developer shall furnish two surety bonds issued by a California admitted surety insurer as follows:

12.2.1.1 **Performance Bond:** A bond in an amount at least equal to one hundred percent (100%) of Guaranteed Maximum Price as security for faithful performance of the Contract Documents.

12.2.1.2 **Payment Bond:** A bond in an amount at least equal to one hundred percent (100%) of the Guaranteed Maximum Price as security

for payment of persons performing labor and/or furnishing materials in connection with this Agreement.

12.2.2 Cost of bonds shall be included in the Guaranteed Maximum Price.

12.2.3 All bonds related to this Project shall be in the forms set forth in these Lease Documents and shall comply with all requirements of the Lease Documents, including, without limitation, the bond forms.

13. **WARRANTY/GUARANTEE/INDEMNITY**

13.1 **Warranty/Guarantee**

13.1.1 The Developer shall obtain and preserve for the benefit of the District, manufacturer's warranties on materials, fixtures, and equipment incorporated into the Work.

In addition to guarantees required elsewhere, Developer shall, and hereby does guarantee and warrant all Work furnished on the job against all defects for a period of **ONE (1)** year after the date of completion as defined in Public Contract Code section 7107, subdivision (c). If any work is not in compliance with the Drawings and Specifications, Developer shall repair or replace any and all of that Work, together with any other Work that may be displaced in so doing, that may prove defective in workmanship and/or materials within a **ONE (1)** year period from date of completion as defined above without expense whatsoever to District. In the event of failure of Developer and/or Surety to commence and pursue with diligence said replacements or repairs within ten (10) days after being notified in writing, Developer and Surety hereby acknowledge and agree that District is authorized to proceed to have defects repaired and made good at expense of Developer and/or Surety who hereby agree to pay costs and charges therefore immediately on demand.

13.1.2 If any work is not in compliance with the Drawings and Specifications and if in the opinion of District said defective work creates a dangerous condition or requires immediate correction or attention to prevent further loss to District or to prevent interruption of operations of District, District will attempt to give the notice required above. If Developer or Surety cannot be contacted or neither complies with District's request for correction within a reasonable time as determined by District, District may, notwithstanding the above provision, proceed to make any and all corrections and/or provide attentions the District believes are necessary. The costs of correction or attention shall be charged against Developer and Surety of the guarantees provided in this Article or elsewhere in this Agreement.

13.1.3 The above provisions do not in any way limit the guarantees on any items for which a longer guarantee is specified or on any items for which a manufacturer gives a guarantee for a longer period. Developer shall furnish to District all appropriate guarantee or warranty certificates as indicated in the Specifications or upon request by District.

13.1.4 Nothing herein shall limit any other rights or remedies available to District.

13.2 **Indemnity** Developer shall indemnify the District as indicated in the Facilities Lease.

14. **TIME**

14.1 **Computation of Time / Adverse Weather**

14.1.1 The Developer will only be allowed a time extension for Adverse Weather conditions if requested by Developer and only if all of the following conditions are met:

14.1.1.1 The weather conditions constitute Adverse Weather, as defined herein;

14.1.1.2 Developer can verify that the Adverse Weather caused delays in excess of five hours of the indicated labor required to complete the scheduled tasks of Work on the day affected by the Adverse Weather;

14.1.1.3 The Developer's crew is dismissed as a result of the Adverse Weather; and

14.1.1.4 The number of days of delay for the month exceed the following parameters:

January	[6]	July	[0]
February	[5]	August	[0]
March	[5]	September	[1]
April	[4]	October	[1]
May	[1]	November	[3]
June	[0]	December	[5]

14.1.2 A day-for-day extension will only be allowed for those days in excess of those indicated herein.

14.1.3 The Contract Time has been determined with consideration given to the average climate weather conditions prevailing in the County in which the Project is located.

14.2 **Hours of Work**

14.2.1 Sufficient Forces

Developer and Subcontractors shall continuously furnish sufficient forces to ensure the prosecution of the Work in accordance with the Construction Schedule.

14.2.2 Performance During Working Hours

Work shall be performed during regular working hours as permitted by the appropriate governmental agency except that in the event of an emergency, or when required to complete the Work in accordance with job progress, Work may be performed outside of regular working hours with the advance written consent of the District and approval of any required governmental agencies.

#### 14.3 **Progress and Completion**

##### 14.3.1 **Time of the Essence**

Time limits stated in the Contract Documents are of the essence to the Contract Documents. By executing the Facilities Lease, the Developer confirms that the Contract Time is a reasonable period for performing the Work.

##### 14.3.2 **No Commencement Without Insurance**

The Developer shall not commence operations on the Project or elsewhere prior to the effective date of insurance and bonds. The date of commencement of the Work shall not be changed by the effective date of such insurance. If Developer commences Work without insurance and bonds, all Work is performed at Developer's peril and shall not be compensable until and unless Developer secures bonds and insurance pursuant to the terms of the Contract Documents and subject to District claim for damages.

#### 14.4 **Schedule**

Developer shall provide to District, Construction Manager, and Architect a schedule in conformance with the Contract Documents and as required in these Construction Provisions.

#### 14.5 **Expeditious Completion**

The Developer shall proceed expeditiously with adequate forces and shall achieve Completion within the Contract Time.

### 15. **EXTENSIONS OF TIME – LIQUIDATED DAMAGES**

#### 15.1 **Liquidated Damages**

Developer and District hereby agree that the exact amount of damages for failure to complete the Work within the time specified is extremely difficult or impossible to determine. If the Work is not completed within the time specified in the Contract Documents, it is understood that the District will suffer damage. It being impractical and unfeasible to determine the amount of actual damage, it is agreed the Developer shall pay to District as fixed and liquidated damages, and not as a penalty, the amount set forth in the Facilities Lease for each calendar day of delay in completion. Developer and its Surety shall be liable for the amount thereof pursuant to Government Code section 53069.85.

#### 15.2 **Excusable Delay**

15.2.1 Developer shall not be charged for liquidated damages because of any delays in completion of Work which are not the fault of Developer or its Subcontractors, including acts of God as defined in Public Contract Code section 7105, acts of enemy, epidemics, and quarantine restrictions. Developer shall, within five (5) calendar days of beginning of any delay, notify District in writing of causes of delay including documentation and facts explaining the delay. District shall review the facts and extent of any delay and shall grant extension(s) of time for completing Work when, in its judgment, the findings of fact justify an extension. Extension(s) of time shall apply only to that portion of Work affected by delay, and shall not apply to other portions of Work not so affected. An extension of time may only be granted if Developer has timely submitted the Construction Schedule as required herein.

15.2.2 Developer shall notify the District pursuant to the claims provisions in these Construction Provisions of any anticipated delay and its cause. Following submission of a claim, the District may determine whether the delay is to be considered avoidable or unavoidable, how long it continues, and to what extent the prosecution and completion of the Work might be delayed thereby.

15.2.3 In the event the Developer requests an extension of Contract Time for unavoidable delay, such request shall be submitted in accordance with the provisions in the Contract Documents governing changes in Work. When requesting time, requests must be submitted with full justification and documentation. If the Developer fails to submit justification, it waives its right to a time extension at a later date. Such justification must be based on the official Construction Schedule as updated at the time of occurrence of the delay or execution of Work related to any changes to the Scope of Work. Any claim for delay must include the following information as support, without limitation:

15.2.3.1 The duration of the activity relating to the changes in the Work and the resources (manpower, equipment, material, etc.) required to perform the activities within the stated duration.

15.2.3.2 Specific logical ties to the Contract Schedule for the proposed changes and/or delay showing the activity/activities in the Construction Schedule that are affected by the change and/or delay. (A portion of any delay of seven (7) days or more must be provided.)

15.2.3.3 A recovery schedule must be submitted.

### 15.3 **No Additional Compensation for Delays Within Developer's Control**

15.3.1 Developer is aware that governmental agencies, including, without limitation, the Division of the State Architect, the Department of General Services, gas companies, electrical utility companies, water districts, and other agencies may have to approve Developer-prepared drawings or approve a proposed installation. Accordingly, Developer has included in the Guaranteed Maximum Price, time for possible review of its drawings and for reasonable delays and damages that may be caused by such agencies. Thus,

Developer is not entitled to make a claim for damages for delays arising from the review of Developer's drawings.

15.3.2 Developer shall only be entitled to compensation for delay when all of the following conditions are met:

15.3.2.1 The District is responsible for the delay;

15.3.2.2 The delay is unreasonable under the circumstances involved;

15.3.2.3 The delay was not within the contemplation of District and Developer; and

15.3.2.4 Developer complies with the claims procedure of the Contract Documents.

#### 15.4 **Float or Slack in the Schedule**

Float or slack is the amount of time between the early start date and the late start date, or the early finish date and the late finish date, of any of the activities in the schedule. Float or slack is not for the exclusive use of or benefit of either the District or the Developer.

### 16. **CHANGES IN THE WORK**

#### 16.1 **No Changes Without Authorization**

16.1.1 There shall be no change whatsoever in the Drawings, Specifications, or in the Work without an executed Change Order authorized by the District as herein provided. District shall not be liable for the cost of any extra work or any substitutions, changes, additions, omissions, or deviations from the Drawings and Specifications unless the District's governing board has authorized the same and the cost thereof has been approved in writing by Change Order. No extension of time for performance of the Work shall be allowed hereunder unless a request for such extension is made at the time changes in the Work are ordered, and such time duly adjusted and approved in writing in the Change Order. The provisions of the Contract Documents shall apply to all such changes, additions, and omissions with the same effect as if originally embodied in the Drawings and Specifications.

16.1.2 Developer shall perform immediately all work that has been authorized by a fully executed Change Order. Developer shall be fully responsible for any and all delays and/or expenses caused by Developer's failure to expeditiously perform this Work.

16.1.3 Should any Change Order result in an increase in the Guaranteed Maximum Price, the cost of that Change Order shall be agreed to, in writing, in advance by Developer and District and be subject to the monetary limitations set forth in Public Contract Code section 20118.4. In the event that Developer proceeds with any change in Work without a Change Order

executed by the District, Developer waives any claim of additional compensation or time for that additional work.

16.1.4 Developer understands, acknowledges, and agrees that the reason for District authorization is so that District may have an opportunity to analyze the Work and decide whether the District shall proceed with the Change Order or alter the Project so that a change in Work becomes unnecessary.

## 16.2 **Architect Authority**

The Architect will have authority to order minor changes in the Work not involving any adjustment in the Guaranteed Maximum Price, or an extension of the Contract Time, or a change that is inconsistent with the intent of the Contract Documents. These changes shall be effected by written Change Order or by Architect's response(s) to RFI(s).

## 16.3 **Change Orders**

16.3.1 A Change Order is a written instrument prepared and issued by the District and/or the Architect and signed by the District (as authorized by the District's Board of Education), the Developer, the Architect, and approved by the Project Inspector (if necessary) and DSA (if necessary), stating their agreement regarding all of the following:

16.3.1.1 A description of a change in the Work;

16.3.1.2 The amount of the adjustment in the Guaranteed Maximum Price, if any; and

16.3.1.3 The extent of the adjustment in the Contract Time, if any.

### 16.3.2 Changes in Guaranteed Maximum Price

A Change Order Request ("COR") shall include breakdowns pursuant to the revisions herein to validate any change in Guaranteed Maximum Price.

### 16.3.3 Unknown and/or Unforeseen Conditions

If Developer submits a COR requesting an increase in Guaranteed Maximum Price and/or Contract Time that is based at least partially on Developer's assertion that Developer has encountered unknown and/or unforeseen condition(s) on the Project, then Developer shall base the COR on provable information that, and to the District's satisfaction, demonstrates that the unknown and/or unforeseen condition(s) were actually unknown and/or unforeseen and that the condition(s) were reasonably unknown and/or unforeseen. If not, the District shall deny the COR and the Developer shall complete the Project without any increase in Guaranteed Maximum Price and/or Contract Time based on that COR..

It is expressly understood that the value of the extra Work or changes expressly includes any and all of the Developer's costs and expenses, both direct and indirect, resulting from additional time required on the Project or resulting from delay to the Project. Any costs, expenses, damages, or time extensions not included are deemed waived.

#### **16.6 Determination of Change Order Cost**

16.6.1 The amount of the increase or decrease in the Guaranteed Maximum Price from a Change Order, if any, shall be determined in one or more of the following ways as applicable to a specific situation and at the District's discretion:

16.6.1.1 District acceptance of a COR;

16.6.1.2 By amounts contained in Developer's schedule of values, if applicable;

#### **16.7 Deductive Change Orders**

All deductive Change Order(s) must be prepared pursuant to the provisions herein.

#### **16.8 Discounts, Rebates, and Refunds**

#### **16.9 Construction Change Directives**

16.9.1 A Construction Change Directive is a written order prepared and issued by the District, the Construction Manager, and/or the Architect and signed by the District and the Architect, directing a change in the Work. The District may as provided by law, by Construction Change Directive and without invalidating the Contract, order changes in the Work consisting of additions, deletions, or other revisions. If all or a portion of the Project is

being funded by funds requiring approval by the State Allocation Board (SAB), these revisions may be subject to compensation once approval of same is received and funded by the SAB, and funds are released by the Office of Public School Construction (OPSC). Any dispute as to the sum of the Construction Change Directive or timing of payment shall be resolved pursuant to the Payment and Claims and Disputes provisions herein.

16.9.2 The District may issue a Construction Change Directive in the absence of agreement on the terms of a Change Order.

#### **16.10 Force Account Directives**

16.10.1 When work, for which a definite price has not been agreed upon in advance, is to be paid for on a force account basis, all direct costs necessarily incurred and paid by the Developer for labor, material, and equipment used in the performance of that Work, shall be subject to the approval of the District and compensation will be determined as set forth herein.

16.10.2 The District will issue a Force Account Directive to proceed with the Work on a force account basis, and a not-to-exceed budget will be established by the District.

16.10.3 All requirements regarding direct cost for labor, labor burden, material, equipment, and markups on direct costs for overhead and profit described in this section shall apply to Force Account Directives. However, the District will only pay for actual costs verified in the field by the District or its authorized representative(s) on a daily basis.

16.10.4 The Developer shall be responsible for all cost related to the administration of Force Account Directive. The markup for overhead and profit for Contractor modifications shall be full compensation to the Developer to administer Force Account Directive.

Furthermore, the Developer shall notify the District when it has consumed eighty percent (80%) of the budget, and shall not exceed the budget unless specifically authorized in writing by the District. The Developer will not be compensated for force account work in the event that the Developer fails to timely notify the District regarding the commencement of force account work, or exceeding the force account budget.

16.10.6 The Developer shall diligently proceed with the work, and on a daily basis, submit a daily force account report on a form supplied by the District no later than 5:00 p.m. each day. The report shall contain a detailed itemization of the daily labor, material, and equipment used on the force account work only. The names of the individuals performing the force account work shall be included on the daily force account reports. The type and model of equipment shall be identified and listed. The District will review the information contained in the reports, and sign the reports no later than the next work day, and return a copy of the report to the Developer for

their records. The District will not sign, nor will the Developer receive compensation for work the District cannot verify. The Developer will provide a weekly force account summary indicating the status of each Force Account Directive in terms of percent complete of the not-to-exceed budget and the estimated percent complete of the work

16.10.7 In the event the Developer and the District reach a written agreement on a set cost for the work while the work is proceeding based on a Force Account Directive, the Developer's signed daily force account reports shall be discontinued and all previously signed reports shall be invalid.

**16.11 Accounting Records**

With respect to portions of the Work performed by Change Orders, the Developer shall keep and maintain cost-accounting records satisfactory to the District, which shall be available to the District on the same terms as any other books and records the Developer is required to maintain under the Contract Documents.

**16.12 Notice Required**

If the Developer desires to make a claim for an increase in the Guaranteed Maximum Price, or any extension in the Contract Time for completion, it shall notify the District pursuant to the provisions herein. No claim shall be considered unless made in accordance with this subparagraph. Developer shall proceed to execute the Work even though the adjustment may not have been agreed upon. Any change in the Guaranteed Maximum Price or extension of the Contract Time resulting from such claim shall be authorized by a Change Order.

**16.13 Applicability to Subcontractors**

Any requirements under this Article shall be equally applicable to Change Orders issued to Subcontractors by the Developer to the extent as required by the Contract Documents.

A Request for

Information cannot modify the Guaranteed Maximum Price, Contract Time, or the Contract Documents.

17.2 The Developer may be responsible for any costs incurred for professional services that District may deduct from any amounts owing to the Developer, if a Request for Information requests an interpretation or decision of a matter where the information sought is equally available to the party making the request. District may deduct from and/or invoice Developer for professional services arising herein.

18.2.1.1.14.2 The District is given sufficient time to review and/or audit the CPRs to determine their acceptability. Any delay in Developer and/or its Subcontractor(s) providing CPRs to the District in a timely manner will directly delay the District's review and/or audit of the CPRs and Developer's payment.

#### 18.2.2 Prerequisites for Tenant Improvement Payments

18.2.2.1 **First Payment Request:** The following items, if applicable, must be completed before the District will accept and/or process the Developer's first payment request:

18.2.3 **No Waiver of Criteria.** Any payments made to Developer where criteria set forth herein have not been met shall not constitute a waiver of said criteria by District. Instead, such payment shall be construed as a good faith effort by District to resolve differences so Developer may pay its Subcontractors and suppliers. Developer agrees that failure to submit such items may constitute a breach of contract by Developer and may subject Developer to termination.

#### 18.3 **District's Approval of Application for Payment**

18.3.1 Upon receipt of an Application for Payment, The District shall act in accordance with both of the following:

18.3.2 Each Application for Payment shall be reviewed by the District as soon as practicable after receipt for the purpose of determining that the Application for Payment is a proper Application for Payment.

18.3.3 Any Application for Payment determined not to be a proper Application for Payment suitable for payment shall be returned to the Developer as soon as practicable, but not later than seven (7) days, after receipt. An Application for Payment returned pursuant to this paragraph shall be accompanied by a document setting forth in writing the reasons why the Application for Payment is not proper. The number of days available to the

District to make a payment without incurring interest pursuant to this section shall be reduced by the number of days by which the District exceeds this seven-day return requirement.

18.3.4 An Application for Payment shall be considered properly executed if funds are available for payment of the Application for Payment, and payment is not delayed due to an audit inquiry by the financial officer of the District.

18.3.5 The District's review of the Developer's Application for Payment will be based on the District's and the Architect's observations at the Site and the data comprising the Application for Payment that the Work has progressed to the point indicated and that, to the best of the District's and the Architect's knowledge, information, and belief, the quality of the Work is in accordance with the Contract Documents. The foregoing representations are subject to:

18.3.6 Observation of the Work for general conformance with the Contract Documents,

18.3.7 Results of subsequent tests and inspections,

18.3.8 Minor deviations from the Contract Documents correctable prior to completion, and

18.3.9 Specific qualifications expressed by the Architect.

18.3.10 District's approval of the certified Application for Payment shall be based on Developer complying with all requirements for a fully complete and valid certified Application for Payment.

18.3.11 **Payments to Developer**

18.3.11.1 Within thirty (30) days after approval of the Application for Payment, Developer shall be paid a sum equal to ninety percent (90%) of the value of the Work performed (as verified by Architect and Inspector and certified by Developer) up to the last day of the previous month, less the aggregate of previous payments and amount to be withheld. The value of the Work completed shall be Developer's best estimate. No inaccuracy or error in said estimate shall operate to release the Developer, or any Surety upon any bond, from damages arising from such Work, or from the District's right to enforce each and every provision of the Contract Documents, and the District shall have the right subsequently to correct any error made in any estimate for payment.

18.3.11.2 The Developer may not be entitled to have payment requests processed, or may be entitled to have only partial payment made for Work performed, so long as any lawful or proper direction given by the District concerning the Work, or any portion thereof, remains incomplete.

18.3.11.3 If the District fails to make any Tenant Improvement Payment within thirty (30) days after receipt of an undisputed and properly submitted Application for Payment from the Developer, the District shall pay interest to the Developer equivalent to the legal rate set forth in subdivision (a) of Section 685.010 of the Code of Civil Procedure.

18.3.12 **No Waiver**

No payment by District hereunder shall be interpreted so as to imply that District has inspected, approved, or accepted any part of the Work. Notwithstanding any payment, the District may enforce each and every provision of the Contract Documents. The District may correct or require correction of any error subsequent to any payment

18.3.13 **Warranty of Title**

18.3.13.1 If a lien or a claim based on a stop notice of any nature should at any time be filed against the Work or any District property, by any entity that has supplied material or services at the request of the Developer, Developer and Developer's Surety shall promptly, on demand by District and at Developer's and Surety's own expense, take any and all action necessary to cause any such lien or a claim based on a stop notice to be released or discharged immediately therefrom.

18.3.13.2 If the Developer fails to furnish to the District within ten (10) calendar days after demand by the District satisfactory evidence that a lien or a claim based on a stop notice has been released, discharged, or secured, the District may discharge such indebtedness and deduct the amount required therefor, together with any and all losses, costs, damages, and attorney's fees and expenses incurred or suffered by District from any sum payable to Developer under the Contract.

18.4 **Decisions to Withhold Payment**

18.4.1.22 Developer is otherwise in breach, default, or in substantial violation of any provision of the Contract Documents.

#### 18.4.2 Reallocation of Withheld Amounts

18.4.2.1 District may, in its discretion, apply any withheld amount to pay outstanding claims or obligations as defined herein. In so doing, District shall make such payments on behalf of Developer. If any payment is so made by District, then that amount shall be considered a payment made under the Contract Documents by District to Developer and District shall not be liable to Developer for any payment made in good faith. These payments may be made without prior judicial determination of claim or obligation. District will render Developer an accounting of funds disbursed on behalf of Developer.

18.4.2.2 If Developer defaults or neglects to carry out the Work in accordance with the Contract Documents or fails to perform any provision thereof, District may, after **SEVENTY-TWO (72)** hours written notice to the Developer and opportunity to commence and pursue cure of default, to the Developer and, without prejudice to any other remedy, make good such deficiencies. The District shall adjust the total Guaranteed Maximum Price by reducing the amount thereof by the cost of making good such deficiencies. If District deems it inexpedient to correct Work that is damaged, defective, or not done in accordance with the provisions of the Contract Documents, an equitable reduction in the Guaranteed Maximum Price (of at least one hundred twenty-five percent (125%) of the estimated reasonable value of the nonconforming Work) shall be made therefor.

#### 18.4.2.3 Payment After Cure

No interest shall be paid on any retainage or amounts withheld due to the failure of the Developer to perform in accordance with the terms and conditions of the Contract Documents.

## 18.5 **Subcontractor Payments**

### 18.5.1 Payments to Subcontractors

No later than ten (10) days after receipt, or pursuant to Business and Professions Code section 7108.5 and Public Contract Code section 7107, the Developer shall pay to each Subcontractor, out of the amount paid to the Developer on account of such Subcontractor's portion of the Work, the amount to which said Subcontractor is entitled. The Developer shall, by appropriate agreement with each Subcontractor, require each Subcontractor to make payments to its Sub-subcontractors in a similar manner.

### 18.5.2 No Obligation of District for Subcontractor Payment

The District shall have no obligation to pay, or to see to the payment of, money to a Subcontractor except as may otherwise be required by law.

### 18.5.3 Joint Checks

District shall have the right in its sole discretion, if necessary for the protection of the District, to issue joint checks made payable to the Developer and Subcontractors and material or equipment suppliers. The joint check payees shall be responsible for the allocation and disbursement of funds included as part of any such joint payment. In no event shall any joint check payment be construed to create any contract between the District and a Subcontractor of any tier, any obligation from the District to such Subcontractor, or rights in such Subcontractor against the District.

## 19. **COMPLETION OF THE WORK**

### 19.1 **Completion**

19.1.1 District will accept completion of Project and have the Notice of Completion recorded when the entire Work shall have been completed to the satisfaction of District.

19.1.2 The Work may only be accepted as complete by action of the governing board of the District.

19.1.3 District, at its sole option, may accept completion of Project and have the Notice of Completion recorded when the entire Work shall have been completed to the satisfaction of District, except for minor corrective items, as distinguished from incomplete items. If Developer fails to complete all minor corrective items within thirty (30) days after the date of the District's acceptance of completion, District shall withhold from the final payment one hundred fifty percent (150%) of an estimate of the amount sufficient to complete the corrective items, as determined by District, until the item(s) are completed.

## 19.2 **Close-Out Procedures**

The Developer and/or its Subcontractors shall proceed promptly to complete and correct items on the Punch List. Failure to include an item on Punch List does not alter the responsibility of the Developer to complete all Work in accordance with the Contract Documents.

### 19.2.2 Close-Out Requirements

### 19.2.3 Utility Connections

Buildings shall be connected to water, gas, sewer, and electric services, complete and ready for use. Service connections shall be made and existing services reconnected.

## 19.3 **Final Inspection**

19.3.1 Developer shall comply with Punch List procedures as provided herein, and maintain the presence of its District-approved project superintendent and project manager until the Punch List is complete to ensure proper and timely completion of the Punch List. Under no circumstances shall Developer demobilize its forces prior to completion of the Punch List. Upon receipt of Developer's written notice that all of the Punch List items have been fully completed and the Work is ready for final inspection and acceptance, Architect and Project Inspector will inspect the Work and shall submit to Developer and District a final inspection report noting the Work, if any, required in order to complete in accordance with the Lease

Documents. Absent unusual circumstances, this report shall consist of the Punch List items not yet satisfactorily completed.

19.3.2 Upon Developer's completion of all items on the Punch List and any other uncompleted portions of the Work, the Developer shall notify the District and Architect, who shall again inspect such Work. If the Architect finds the Work complete and acceptable under the Contract Documents, the Architect will notify Developer, who shall then jointly submit to the Architect and the District its final Application for Payment.

### 19.3.3 Final Inspection Requirements

19.3.3.1 Before calling for final inspection, Developer shall determine that the following have been performed:

### 19.4 Costs of Multiple Inspections

Any unreasonable requests of the District to make a final inspection shall be considered an additional service of District, Architect, Construction Manager, and/or Project Inspector, and all subsequent costs will be invoiced to Developer and if funds are available, withheld from remaining payments.

**19.5 Partial Occupancy or Use Prior to Completion**

**19.5.1 District's Rights to Occupancy**

The District may occupy or use any completed or partially completed portion of the Work upon District's acceptance of that completed or partially completed portion of the Work. Neither the District's Final Acceptance, the making of Final Payment, any provision in Contract Documents, nor the use or occupancy of the Work, in whole or in part, by District shall constitute acceptance of Work not in accordance with the Contract Documents nor relieve the Developer or the Developer's Performance Bond Surety from liability with respect to any warranties or responsibility for faulty or defective Work or materials, equipment and workmanship incorporated therein. The District and the Developer shall agree in writing to the responsibilities assigned to each of them for payments, security, maintenance, heat, utilities, damage to the Work, insurance, the period for correction of the Work, and the commencement of warranties required by the Contract Documents. Any dispute as to responsibilities shall be resolved pursuant to the Claims and Disputes provisions herein, with the added provision that during the dispute process, the District shall have the right to occupy or use any portion of the Work that it needs or desires to use.

**19.5.2 Inspection Prior to Occupancy or Use**

Immediately prior to partial occupancy or use, the District, the Developer, and the Architect shall jointly inspect the area to be occupied or portion of the Work to be used in order to determine and record the condition of the Work.

**19.5.3 No Waiver**

Unless otherwise agreed upon, partial or entire occupancy or use of a portion or portions of the Work shall not constitute beneficial occupancy or acceptance of the Work not complying with the requirements of the Contract Documents.

**20. FINAL PAYMENT**

**20.1 Final Payment**

Upon receipt and approval of a valid and final Application for Payment, the Architect will issue a final Certificate of Payment. The District shall thereupon jointly inspect the Work and either accept the Work as complete or notify the Architect and the Developer in writing of reasons why the Work is not complete. Upon acceptance of the Work of the Developer as fully complete (that, absent unusual circumstances, will occur when the Punch List items have been satisfactorily completed), the District shall record a Notice of Completion with the County Recorder, and the Developer shall, upon receipt of final payment from the District, pay the amount due Subcontractors.

**20.2 Prerequisites for Final Payment** The following conditions must be fulfilled prior to Final Payment:

20.2.1 A full and final waiver or release of all Stop Notices in connection with the Work shall be submitted by Developer, including a release of Stop Notice in recordable form, together with (to the extent permitted by law) a copy of the full and final release of all Stop Notice rights or a Stop Notice Release Bond.

20.2.2 A duly completed and executed conditional waiver and release upon final payment compliant with Civil Code section 3262 from the Developer and each subcontractor of any tier and supplier to be paid from the current Tenant Improvement Payment;

20.2.3 A duly completed and executed unconditional waiver and release upon progress payment compliant with Civil Code section 3262 from the Developer and each subcontractor of any tier and supplier that was paid from the previous Tenant Improvement Payment; and

20.2.4 The Developer shall have made all corrections to the Work that are required to remedy any defects therein, to obtain compliance with the Contract Documents or any requirements of applicable codes and ordinances, or to fulfill any of the orders or directions of District required under the Contract Documents.

20.2.5 Each Subcontractor shall have delivered to the Developer all written guarantees, warranties, applications, and bonds required by the Contract Documents for its portion of the Work.

20.2.6 Developer must have completed all requirements set forth under "Close Out Procedures," Including, without limitation, an approved set of complete As-Built Drawings.

20.2.7 Architect shall have issued its written approval that final payment can be made.

20.2.8 The Developer shall have delivered to the District all manuals and materials required by the Contract Documents.

20.2.9 The Developer shall have completed final clean up as provided herein.

20.2.10 After approval by the District of the Architect's Certificate of Payment,

20.2.11 After the satisfaction of the conditions set forth herein, and

20.2.12 After thirty-five (35) days after the recording of the Notice of Completion by District.

20.2.13 No interest shall be paid on any amounts withheld due to a failure of the Developer to perform, in accordance with the terms and conditions of the Contract Documents.

21. **UNCOVERING OF WORK**

If a portion of the Work is covered without Inspector or Architect approval or not in compliance with the Contract Documents, it must, if required in writing by the District, the Project Inspector, or the Architect, be uncovered for the Project Inspector's or the Architect's observation and be replaced at the Developer's expense without change in the Guaranteed Maximum Price or Contract Time.

22. **NONCONFORMING WORK AND CORRECTION OF WORK**

22.1 **Nonconforming Work**

22.1.1 Developer shall promptly remove from Premises all Work identified by District as failing to conform to the Contract Documents whether incorporated or not. Developer shall promptly replace and re-execute its own Work to comply with the Contract Documents without additional expense to the District and shall bear the expense of making good all work of other contractors destroyed or damaged by any removal or replacement pursuant hereto and/or any delays to the District or other contractors caused thereby.

22.1.2 If Developer does not commence to remove Work that District has identified as failing to conform to the Contract Documents within a reasonable time, not to exceed **SEVENTY-TWO (72)** hours after written notice and complete removal of work within a reasonable time, District may remove it and may store any material at Developer's expense. If Developer does not pay expense(s) of that removal within ten (10) days' time thereafter, District may, upon ten (10) days' written notice, sell any material at auction or at private sale and shall deduct all costs and expenses incurred by the District and/or District may withhold those amounts from payment(s) to Developer.

22.2 **Correction of Work**

22.2.1 Correction of Rejected Work

Pursuant to the notice provisions herein, the Developer shall promptly correct the Work rejected by the District, the Architect, or the Project Inspector as failing to conform to the requirements of the Contract Documents, whether observed before or after Completion and whether or not fabricated, installed, or completed. The Developer shall bear costs of correcting the rejected Work, including additional testing, inspections, and compensation for the Inspector's or the Architect's services and expenses made necessary thereby.

22.2.2 One-Year Warranty Corrections

If, within one (1) year after the date of Completion of the Work or a designated portion thereof, or after the date for commencement of warranties established hereunder, or by the terms of an applicable special warranty required by the Contract Documents, any of the Work is found to be not in accordance with the requirements of the Contract Documents, the Developer shall correct it promptly after receipt of written notice from the District to do so. This period of one (1) year shall be extended with respect to portions of the Work first performed after Completion by the period of time between Completion and the actual performance of the Work. This obligation hereunder shall survive acceptance of the Work under the Contract Documents and termination of the Contract Documents. The District shall give such notice promptly after discovery of the condition.

### **22.3 District's Right to Perform Work**

22.3.1 If the Developer should neglect to prosecute the Work properly or fail to perform any provisions of the Contract Documents, the District, after providing **SEVENTY-TWO (72)** hours written notice and an opportunity to cure the failure, to the Developer, may, without prejudice to any other remedy it may have, make good such deficiencies and may deduct the cost thereof from the payment then or thereafter due the Developer.

22.3.2 If it is found at any time, before or after completion of the Work, that Developer has varied from the Drawings and/or Specifications, including, but not limited to, variation in material, quality, form, or finish, or in the amount or value of the materials and labor used, District may require at its option:

22.3.2.1 That all such improper Work be removed, remade or replaced, and all work disturbed by these changes be made good by Developer at no additional cost to the District;

22.3.2.2 That the District deduct from any amount due Developer the sum of money equivalent to the difference in value between the work performed and that called for by the Drawings and Specifications; or

22.3.2.3 That the District exercise any other remedy it may have at law or under the Contract Documents, including but not limited to the District hiring its own forces or another contractor to replace the Developer's nonconforming Work, in which case the District shall either issue a deductive Change Order or invoice the Developer for the cost of that work. Developer shall pay any invoices within thirty (30) days of receipt of same or District may withhold those amounts from payment(s) to Developer.

## **23. TERMINATION AND SUSPENSION**

The Parties' rights to terminate the Project are as indicated in the Facilities Lease. In the event of a termination of the Facilities Lease and notwithstanding any other provision in the Contract Documents, the Surety shall remain liable to all obligees under the Payment Bond and to the District under the Performance Bond for any claim related to the Project.

23.1 **Emergency Termination of Public Contracts Act of 1949**

23.1.1 In addition to the Parties' right to termination under the Facilities Lease, the Contract Documents is subject to termination as provided by sections 4410 and 4411 of the Government Code of the State of California, being a portion of the Emergency Termination of Public Contracts Act of 1949.

23.1.1.1 Section 4410 of the Government Code states:

In the event a national emergency occurs, and public work, being performed by contract, is stopped, directly or indirectly, because of the freezing or diversion of materials, equipment or labor, as the result of an order or a proclamation of the President of the United States, or of an order of any federal authority, and the circumstances or conditions are such that it is impracticable within a reasonable time to proceed with a substantial portion of the work, then the public agency and the contractor may, by written agreement, terminate said contract.

23.1.1.2 Section 4411 of the Government Code states:

Such an agreement shall include the terms and conditions of the termination of the contract and provision for the payment of compensation or money, if any, which either party shall pay to the other or any other person, under the facts and circumstances in the case.

23.1.2 Compensation to the Developer shall be determined at the sole discretion of District on the basis of the reasonable value of the Work done, including preparatory work. As an exception to the foregoing and at the District's discretion, in the case of any fully completed separate item or portion of the Work for which there is a separate previously submitted unit price or item on the accepted schedule of values, that price shall control. The District, at its sole discretion, may adopt the Guaranteed Maximum Price as the reasonable value of the work done or any portion thereof.

24. **CLAIMS AND DISPUTES**

24.1 **Performance During Dispute or Claim Process**

Developer shall continue to perform its Work under the Contract and shall not cause a delay of the Work during any dispute, claim, negotiation, mediation, or arbitration proceeding, except by written agreement by the District.

24.2 **Definition of Dispute**

The term "Dispute" means a separate demand by the Developer for:

24.2.1 A time extension;

24.2.2 Payment of money or damages arising from Work done by or on behalf of the Developer pursuant to the Contract and payment of which is not otherwise expressly provided for or Developer is not otherwise entitled to; or

24.2.3 An amount of payment disputed by the District.

**24.3 Dispute Presentation**

24.3.1 If Developer intends to apply for an increase in the Contract Price or Contract Time for any reason including, without limitation, the acts of District or its agents, Developer shall, within ten (10) days after the event giving rise to the Dispute, give notice of the Dispute in writing and submit to the District a written statement of the damage sustained or time requested. On or before twenty (20) days after Developer's written Notice of Dispute, Developer shall file with the District an itemized statement of the details and amounts of its Dispute for any increase in the Contract Price of Contract Time. Otherwise, Developer shall have waived and relinquished its dispute against the District and Developer's claims for compensation or an extension of time shall be forfeited and invalidated. Developer shall not be entitled to consideration for payment or time on account.

24.3.2 The Notice of Dispute shall identify:

24.3.2.1 The issues, events, conditions, circumstances and/or causes giving rise to the dispute;

24.3.2.2 The pertinent dates and/or durations and actual and/or anticipated effects on the Contract Price, Contract Schedule milestones and/or Contract Time adjustments; and

24.3.2.3 The line-item costs for labor, material, and/or equipment, if applicable.

24.3.3 The Notice of Dispute shall include the following certification by the Developer:

24.3.3.1 The undersigned Developer certifies under penalty of perjury that the attached dispute is made in good faith; that the supporting data is accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the adjustment for which Developer believes the District is liable; and that I am duly authorized to certify the dispute on behalf of the Developer.

24.3.3.2 Furthermore, Developer understands that the value of the attached dispute expressly includes any and all of the Developer's costs and expenses, direct and indirect, resulting from the Work performed on the Project, additional time required on the Project and/or resulting from delay to the Project. Any costs, expenses, damages, or time extensions not included are deemed waived.

24.3.4 If a Dispute, or any portion thereof, remains unresolved upon satisfaction of all applicable Dispute Resolution requirements, the Developer shall comply with all claim resolution requirements as provided in Public Contract Code 20104.

24.3.5 Developer shall bind its Subcontractors to the provisions of this section and will hold the District harmless against disputes by Subcontractors.

#### 24.4 **Dispute Resolution**

24.4.1 Developer shall file with the District the Notice of Dispute, including the documents necessary to substantiate it, on or before the day of submitting the application for final payment.

24.4.2 District shall respond in writing within forty-five (45) days of receipt of the Dispute or may request in writing within thirty (30) days of receipt of the Dispute any additional documentation supporting the Dispute or relating to defenses or claims District may have against the Developer.

24.4.2.1 If additional information is required, it shall be requested and provided by mutual agreement of the parties.

24.4.2.2 District's written response to the documented Dispute shall be submitted to the Developer within fifteen (15) days after receipt of the further documentation or within a period of time no greater than that taken by the Developer to produce the additional information, whichever is greater.

24.4.3 If Developer disputes the District's written response, Developer may file a claim pursuant to the Claim Resolution requirements provided herein.

#### 24.5 **Definition of Claim**

24.5.1 The term "Claim" means a dispute that remains unresolved at the conclusion of the Dispute Resolution requirements as provided herein.

#### 24.6 **Claim Presentations**

24.6.1 Developer must timely submit the Notice of Claim and all documents necessary to substantiate any Claim. Otherwise, Developer shall have waived and relinquished its Claim against the District and Developer's Claims for compensation or an extension of time shall be forfeited and invalidated, and Contractor shall not be entitled to consideration for payment or time on account of the instant matter. No Claim shall be presented prior to Project completion. Any statute that might otherwise govern the presentation of an unresolved Dispute, including but not limited to Government Code section 900 i. and Public Contract Code section 20104 et seq. shall be tolled for all purposes during the course of construction on the Project.

24.6.1.1 All Claims shall include the following certification by the Developer:

24.6.1.1.1 The undersigned Developer certifies under penalty of perjury that the attached claim is made in good faith; that the supporting data is accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the adjustment for which Developer believes the

District is liable; and that I am duly authorized to certify the claim on behalf of the Developer.

24.6.1.1.2 Furthermore, Developer understands that the value of the attached claim expressly includes any and all of the Developer's costs and expenses, direct and indirect, resulting from the Work performed on the Project, additional time required on the Project and/or resulting from delay to the Project. Any costs, expenses, damages, or time extensions not included are deemed waived.

24.6.2 The attention of the Developer is drawn to Government Code section 12650, et seq. regarding penalties for false claims.

24.6.3 If a Claim, or any portion thereof, remains in dispute upon satisfaction of all applicable Dispute and Claim Resolution requirements, the Developer shall comply with all claims presentation requirements as provided in Chapter 1 (commencing with section 900) and Chapter 2 (commencing with section 910) of Part 3 of Division 3.6 of Title 1 of Government Code as a condition precedent to the Developer's right to bring a civil action against the District. For purposes of those provisions, the running of the time within which a Dispute or Claim must be presented to the District shall be tolled from the time the Developer submits its written Dispute or Claim until the time the Dispute or Claim is denied, including any time utilized by any applicable meet and confer process.

24.6.4 The Developer shall bind all its Subcontractors to the provisions of this section and will hold the District harmless against claims by Subcontractors.

## 24.7 **Claim Resolution**

24.7.1 In the event of a disagreement between the parties as to performance of the Work, the interpretation of this Contract, or payment or nonpayment for Work performed or not performed, the parties shall, after the conclusion of the Dispute Resolution requirements, attempt to resolve the Claim by those procedures set forth herein.

### 24.7.2 Claims of \$375,000 or Less

24.7.2.1 For all Claims of three hundred seventy-five thousand dollars (\$375,000) or less which arise between Contractor and District, the procedure set forth in Public Contract Code section 20104 et seq. shall apply:

24.7.2.1.1 Developer shall file with the District any written Claim, including the documents necessary to substantiate it, upon the application for final payment.

24.7.2.1.2 For claims of less than fifty thousand dollars (\$50,000), the District shall respond in writing within forty-five (45) days of receipt of the Claim or may request in writing within thirty (30) days of receipt of the Claim any additional

documentation supporting the claim or relating to defenses or claims the District may have against the Developer.

24.7.2.1.3 If additional information is required, it shall be requested and provided by mutual agreement of the parties.

24.7.2.1.4 District's written response to the documented Claim shall be submitted to the Developer within fifteen (15) days after receipt of the further documentation or within a period of time no greater than that taken by the Developer to produce the additional information, whichever is greater.

24.7.2.2 For claims of over fifty thousand dollars (\$50,000) and less than or equal to three hundred seventy-five thousand dollars (\$375,000), the District shall respond in writing to all written Claims within sixty (60) days of receipt of the claim, or may request, in writing, within thirty (30) days of receipt of the Claim any additional documentation supporting the Claim or relating to defenses or claims the District may have against the Developer.

24.7.2.2.1 If additional information is required, it shall be requested and provided upon mutual agreement of the District and the Developer.

24.7.2.2.2 The District's written response to the claim, as further documented, shall be submitted to the Developer within thirty (30) days after receipt of the further documentation, or within a period of time no greater than that taken by the Developer to produce the additional information or requested documentation, whichever is greater.

24.7.2.3 If Developer disputes the District's written response, or the District fails to respond within the time prescribed, Developer may so notify the District, in writing, either within fifteen (15) days of receipt of the District's response or within fifteen (15) days of the District's failure to respond within the time prescribed, respectively, and demand an informal conference to meet and confer for settlement of the issues in dispute. Upon a demand, the District shall schedule a meet and confer conference within thirty (30) days for settlement of the dispute.

24.7.2.4 Following the meet and confer conference, if the claim or any portion of it remains in dispute, the Developer may file a claim as provided in Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code. For purposes of those provisions the running of the time within which a claim must be filed shall be tolled from the time the Developer submits its written Claim until the time the Claim is denied, including any period of time utilized by the meet and confer process.

24.7.2.5 For any civil action filed to resolve claims filed pursuant to this section, within sixty (60) days, but no earlier than thirty (30)

days, following the filing of responsive pleadings, the court shall submit the matter to nonbinding mediation unless waived by mutual stipulation of both parties. The mediation process shall provide for the selection within fifteen (15) days by both parties of a disinterested third person as mediator, shall be commenced within thirty (30) days of the submittal, and shall be concluded within fifteen (15) days from the commencement of the mediation unless a time requirement is extended upon a good cause showing to the court or by stipulation of both parties. If the parties fail to select a mediator within the 15-day period, any party may petition the court to appoint the mediator.

24.7.2.6 If the matter remains in dispute, the case shall be submitted to judicial arbitration pursuant to Chapter 2.5 (commencing with Section 1141.10) of the Title 3 of Part 3 of the Code of Civil Procedure, notwithstanding Section 1141.11 of that code. The Civil Discovery Act of 1986, (Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of part 4 of the Code of Civil Procedure) shall apply to any proceeding brought under this subdivision consistent with the rules pertaining to judicial arbitration.

24.7.2.7 The District shall not fail to pay money as to any portion of a Claim which is undisputed except as otherwise provided in the Contract Documents. In any suit filed pursuant to this section, the District shall pay interest at the legal rate on any arbitration award or judgment. Interest shall begin to accrue on the date the suit is filed in a court of law.

#### 24.7.3 Claims Over \$375,000

24.7.3.1 For all Claims of over three hundred seventy-five thousand dollars (\$375,000) which arise between a Developer and the District, the following procedure shall apply:

24.7.3.1.1 The parties agree to first endeavor to settle the dispute in an amicable manner by mediation before having recourse to a judicial forum. The Claim shall be identified in writing to the District within thirty (30) days from the date of Developer's application for final payment of all Contract balances not in dispute and shall be mediated within one hundred and twenty (120) days from the submission of the Claim to the District. For purposes of filing a Claim to mediation, the running of the time within which mediation must be filed shall be tolled from the time the Developer submits its written Claim until the time the Claim is denied. Mediator fees and administrative costs of the mediation shall be shared equally by the parties.

24.7.3.1.2 District may assert any counter-claims it has for damages against Developer, including, but not limited to, defective Work, delay damages, and liquidated damages.

24.7.4 Developer shall bind its Subcontractors to the provisions of this section and will hold the District harmless against disputes by Subcontractors.

24.8 **Dispute and Claim Resolution Non-Applicability**

24.8.1 The procedures for dispute and claim resolutions set forth in Article 25 shall not apply to the following:

24.8.1.1 Personal injury, wrongful death or property damage claims;

24.8.1.2 Latent defect or breach of warranty or guarantee to repair;

24.8.1.3 Stop notices;

24.8.1.4 District's rights set forth in the Article on Suspension and Termination;

24.8.1.5 Disputes arising out of the LCP or State labor compliance, if applicable; or

24.8.1.6 District rights and obligations as a public entity set forth in applicable statutes; provided, however, that penalties imposed against a public entity by statutes, including, but not limited to, Public Contract Code sections 20104.50 and 7107, shall be subject to the Dispute and Claim Resolution requirements provided in this Article.

24.8.1.7 Developer's costs incurred in seeking relief under this Article are not recoverable from the District.

25. **STATE LABOR, WAGE & HOUR, APPRENTICE, AND RELATED PROVISIONS**

25.1 **Wage Rates, Travel, and Subsistence**

25.1.1 Pursuant to the provisions of article 2 (commencing at section 1770), chapter 1, part 7, division 2, of the Labor Code of California, the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work in the locality in which this public work is to be performed for each craft, classification, or type of worker needed to execute the Contract Documents are on file at the District's principal office and copies will be made available to any interested party on request. Developer shall obtain and post a copy of these wage rates at the job site.

25.1.2 Holiday and overtime work, when permitted by law, shall be paid for at a rate of at least one and one-half times the above specified rate of per diem wages, unless otherwise specified. The holidays upon which those rates shall be paid need not be specified by the District, but shall be all holidays recognized in the applicable collective bargaining agreement. If the prevailing rate is not based on a collectively bargained rate, the holidays upon which the prevailing rate shall be paid shall be as provided in Section 6700 of the Government Code.

25.1.3 Developer shall pay and shall cause to be paid each worker engaged in Work on the Project not less than the general prevailing rate of per diem wages determined by the Director of the Department of Industrial Relations ("DIR") ("Director"), regardless of any contractual relationship which may be alleged to exist between Developer or any Subcontractor and such workers.

25.1.4 If prior to execution of the Facilities Lease, the Director determines that there has been a change in any prevailing rate of per diem wages in the locality in which the Work under the Contract Documents is to be performed, such change shall not alter the wage rates in the Contract Documents subsequently awarded.

25.1.5 Pursuant to Labor Code section 1775, Developer shall, as a penalty to District, forfeit the statutory amount (believed by the District to be currently fifty dollars (\$50)) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates, determined by the District and/or the Director, for the work or craft in which that worker is employed for any public work done under Contract Documents by Developer or by any Subcontractor under it. The difference between such prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate, shall be paid to each worker by Developer.

25.1.6 Any worker employed to perform Work on the Project, which Work is not covered by any classification listed in the general prevailing wage rate of per diem wages determined by the Director, shall be paid not less than the minimum rate of wages specified therein for the classification which most nearly corresponds to Work to be performed by him, and such minimum wage rate shall be retroactive to time of initial employment of such person in such classification.

25.1.7 Pursuant to Labor Code section 1773.1, per diem wages are deemed to include employer payments for health and welfare, pension, vacation, travel time, subsistence pay, and apprenticeship or other training programs authorized by section 3093, and similar purposes.

25.1.8 Developer shall post at appropriate conspicuous points on the Site of Project, a schedule showing all determined minimum wage rates and all authorized deductions, if any, from unpaid wages actually earned. In addition, Developer shall post a sign-in log for all workers and visitors to the Site, a list of all subcontractors of any tier on the Site, and the required Equal Employment Opportunity poster(s).

## 25.2 **Hours of Work**

25.2.1 As provided in article 3 (commencing at section 1810), chapter 1, part 7, division 2, of the Labor Code, eight (8) hours of labor shall constitute a legal days work. The time of service of any worker employed at any time by Developer or by any Subcontractor on any subcontract under the Contract Documents upon the Work or upon any part of the Work contemplated by the Contract Documents shall be limited and restricted by Developer to eight (8) hours per day, and forty (40) hours during any one

week, except as hereinafter provided. Notwithstanding the provisions hereinabove set forth, Work performed by employees of Developer in excess of eight (8) hours per day and forty (40) hours during any one week, shall be permitted upon this public work upon compensation for all hours worked in excess of eight (8) hours per day at not less than one and one-half times the basic rate of pay.

25.2.2 Developer shall keep and shall cause each Subcontractor to keep an accurate record showing the name of and actual hours worked each calendar day and each calendar week by each worker employed by Developer in connection with the Work or any part of the Work contemplated by the Contract Documents. The record shall be kept open at all reasonable hours to the inspection of District and to the Division of Labor Standards Enforcement of the DIR.

25.2.3 Pursuant to Labor Code section 1813, Developer shall as a penalty to the District forfeit the statutory amount (believed by the District to be currently twenty-five dollars (\$25)) for each worker employed in the execution of the Contract Documents by Developer or by any Subcontractor for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any one calendar day and forty (40) hours in any one calendar week in violation of the provisions of article 3 (commencing at section 1810), chapter 1, part 7, division 2, of the Labor Code.

25.2.4 Any Work necessary to be performed after regular working hours, or on Sundays or other holidays shall be performed without additional expense to the District.

### 25.3 **Payroll Records**

25.3.1 Developer shall prepare and provide to the District, and shall cause each Subcontractor performing any portion of the Work under this Contract to prepare and provide to the District, an accurate and complete certified payroll record ("CPR"), showing the name, address, social security number, work classification, straight time, and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by the Developer and/or each Subcontractor in connection with the Work.

25.3.2 The CPRs enumerated hereunder shall be certified and shall be provided to the District on a weekly basis. The CPRs from the Developer and each Subcontractor for each week shall be provided on or before Wednesday of the week following the week covered by the CPRs. District shall not make any payment to Developer until:

25.3.2.1 The Developer and/or its Subcontractor(s) provide CPRs acceptable to the District; and

25.3.2.2 The District is given sufficient time to review and/or audit the CPRs to determine their acceptability. Any delay in Developer and/or its Subcontractor(s) providing CPRs to the District in a timely

manner will directly delay the CMU's review and/or audit of the CPRs and Developer's payment.

25.3.3 All CPRs shall be available for inspection at all reasonable hours at the principal office of Developer on the following basis:

25.3.3.1 A certified copy of an employee's CPR shall be made available for inspection or furnished to the employee or his/her authorized representative on request.

25.3.3.2 CPRs shall be made available for inspection or furnished upon request to a representative of District, Division of Labor Standards Enforcement, Division of Apprenticeship Standards, and/or the Department of Industrial Relations.

25.3.3.3 CPRs shall be made available upon request by the public for inspection or copies thereof made; provided, however, that a request by the public shall be made through either the District, Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement. If the requested CPRs have not been provided pursuant to the provisions herein, the requesting party shall, prior to being provided the records reimburse the costs of preparation by Developer, Subcontractors, and the entity through which the request was made. The public shall not be given access to the records at the principal office of Developer.

25.3.4 The form of certification for the CPRs shall be as follows:

I, \_\_\_\_\_ (Name-Print), the undersigned, am the \_\_\_\_\_ (Position in business) with the authority to act for and on behalf of \_\_\_\_\_ (Name of business and/or Developer), certify under penalty of perjury that the records or copies thereof submitted and consisting of \_\_\_\_\_ (Description, number of pages) are the originals or true, full, and correct copies of the originals which depict the payroll record(s) of actual disbursements by way of cash, check, or whatever form to the individual or individual named, and (b) we have complied with the requirements of sections 1771, 1811, and 1815 for any work performed by our employees on the Project.
