## **Kindergarten Student Enrollment/Registration** **2018-2019**

Welcome to the MBUSD family! We are thrilled to be your partners as your child embarks upon what will be a rich and exciting educational and developmental experience in one of our prestigious schools. We want to help make the first steps in this process as easy as possible, and so we are providing the following step-by-step information about how to get started.

1. On or after February 12, 2018, bring your completed Pre-Enrollment Information Sheet as well as all required documents to your home/neighborhood elementary school (located by going to the District's website at [www.mbusd.org](http://www.mbusd.org), clicking on the "Parents" tab, and selecting "[School Boundaries](#)"). Details about these requirements can be found by going to the District's website, clicking on the "[Enrollment](#)" link at the top of the page, and clicking on the "[Kindergarten Enrollment and Registration Flyer](#)" link.
2. On or after March 1, 2018, complete the online enrollment form. This form can be found by going to the District's website at [www.mbusd.org](http://www.mbusd.org), clicking on the "[Enrollment](#)" link at the top of the page, and clicking on the "[2018-2019 Online Enrollment](#)" link. Please be prepared to complete information regarding but not limited to, emergency contacts, allergies, etc. It is important that the information submitted be accurate and complete, as this data will be uploaded into our Student Information System and will become part of your child's permanent record.

***Please note: You must complete both Step 1 and Step 2 above to officially place your student on the pre-enrollment list to be considered for 2018-19 school year placement. Students are not guaranteed placement at their home/neighborhood elementary school and are placed based on space availability and consideration of a number of factors, including enrollment of siblings, prior placement history, registration date, etc.***

3. Once you have completed the online enrollment form, please print 2 copies of the Verification Page, sign, and return one copy to your home school.
4. Attend your site's Kindergarten Orientation during the month of March:

## Immunization Law SB 277

Starting January 1, 2016, parents or guardians of students in any school or child-care facility, whether public or private, will no longer be allowed to submit a personal beliefs exemption or religious exemption to required vaccines.

Children with a valid personal beliefs exemption (or religious belief exemption) filed before 2016 who enter kindergarten or 7<sup>th</sup> grade will have to meet **all age-appropriate immunization requirements** for admission to kindergarten/TK or 7<sup>th</sup> grade.

A parent/guardian can submit a temporary or permanent medical exemption. This will be a written statement from a licensed MD or DO which states:

- That the physical condition or medical circumstances of the child are such that the required immunization(s) is not indicated.
- Which vaccines are being exempted
- Whether the medical exemption is permanent or temporary
- The expiration date, if the exemption is temporary

Students will no longer be required to have immunizations if they attend

- A home-based private school or
- An independent study program with no classroom-based instruction (our independent study programs are classroom-based).

Children behind on their required immunizations may be admitted conditionally, if they are not currently due for any doses or have a temporary medical exemption. Children who have Special Education services (an IEP) cannot be excluded from school, but they are under the same immunization requirements as stated above.

The Governing Board believes students should be assigned to classes and/or grouped in a manner that provides the most effective learning environment for all students.

When assigning students to specific classes, the principal or designee may consider the following criteria:

1. Staff recommendation, including, but not limited to, the recommendations of teachers and counselors
2. Skills and classroom management style of individual teachers
3. Student skill level as indicated by achievement and testing data

(cf. [5121](#) - Grades/Evaluation of Student Achievement)

(cf. [6162.51](#) - Standardized Testing and Reporting Program)

4. Balance of high, medium, and low academic achievers
5. Student interests, readiness, behavior, and motivation
6. Student/teacher ratios and, if relevant, class size reduction considerations

(cf. [6151](#) - Class Size)

The principal or designee may accept from parents/guardians any information which would be helpful in making placement decisions. However, a parent/guardian who provides such information shall be informed that a request for a specific teacher shall be one of many factors which may be taken into account when determining his/her child's placement.

During the school year, the principal or designee may make any adjustments in class placement which he/she considers beneficial to the student or the educational program.
