

MATHEMATICS PATHWAYS

Compacted CCSS Math Pathway

Compacted Year 1

(6-7a)

Placement in 6th grade is based on: benchmark assessments, diagnostic testing, and SBAC scores.

Algebra I, Geometry, and Algebra II must be taken in sequence to meet the A-G requirements of UC and CSU.

Acceleration is neither necessary nor

recommended. However, *This path is for students who show readiness and desire for acceleration, and ** This path is for students seeking alternate math options after completing 2nd semester college calculus

after their junior year.
