Immunization Laws SB 277, SB 276 and SB 714

Since January 1, 2016 (SB 277), parents or guardians of students in any school or child-care facility, whether public or private, are no longer allowed to submit a personal beliefs exemption to a currently-required vaccine.

Under Senate Bills (SB) 276 and SB 714 (Pan, 2019), beginning January 1, 2021, all new medical exemptions for school and child care entry must be issued through the California Immunization Registry – Medical Exemption website (CAIR-ME) by physicians licensed in California. Medical exemptions must meet applicable Centers for Disease Control and Prevention (CDC), Advisory Committee on Immunization Practices (ACIP), and American Academy of Pediatrics (AAP) criteria. Schools and child care facilities may only accept from parents new medical exemptions that are issued using CAIR-ME.

- A temporary medical exemption from some or all required immunizations.*

Conditional Admission Schedule for Grades K-12

One or two doses of Td vaccine given on or after the seventh birthday count towards the requirement.

Continued attendance after conditional admission is contingent upon documentation of receipt of the remaining required immunizations. The school shall:

- review records of any pupil admitted conditionally to a school at least every 30 days from the date of admission,
