## California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2017-18)

The mission of the Manhattan Beach Unified School District and Manhattan Beach Middle School is to prepare all of our students to meet the challenges of a rapidly changing, highly complex, technology-rich, global society. We will continually strive for excellence in all aspects of the educational process. We teach our students to understand and appreciate human and cultural diversity. We harness the resources of the entire community, including students, parents, teachers, staff, administrators, college and business leaders, and others. We empower students to be lifelong learners, to demonstrate high achievement, and to develop the skills and characteristics needed to enjoy happy and successful lives.

Manhattan Beach Middle School (MBMS) has earned a national reputation for excellence by providing an exemplary education to the middle school students of Manhattan Beach. The success of MBMS is attributable to many factors, including the commitment and dedication of our parents, students, and staff, and the high quality of instruction provided by our classroom teachers. Manhattan Beach Middle School opened in 1998 as a new, state-of-the-art facility. The school's philosophy is reflected in each grade level's "village" where classrooms, counseling services, and a workroom are centralized to meet students' needs efficiently and effectively.

MBMS offers a challenging curriculum designed to meet the specific intellectual, physical, and social requirements of middle level children while preparing them for a rigorous high school experience and providing them with necessary life skills. The strong, student-centered core curriculum for each child is comprised of mathematics, English, science, social science, physical education, and exploratory or a yearlong elective. Highlights of the curriculum include the humanities block during which the sixth grade students receive integrated instruction in reading, writing, and social science for three consecutive periods taught by one instructor. All seventh and eighth grade students at Manhattan Beach Middle School have the opportunity to enroll in Spanish, French, or Mandarin Chinese. MBMS exploratory "wheels" afford our sixth and seventh grade students the opportunity to investigate the fine and practical arts. In lieu of the exploratory wheel, students who are interested in vocal or instrumental music may choose from several outstanding yearlong elective options. MBMS offers four levels of chorus, strings, and band to foster musical ability and overall musicianship. Students who would like to take an exploratory wheel in addition to a yearlong music class may opt to schedule an eight-period day. MBMS also offers innovative year-long exploratories outside of music to seventh and eighth grade students including art, film, leadership, mentorship programs, STEM electives, robotics, and Fab Lab.

You are encouraged to log on to the school's link on the district website at <http://www.mbusd.org>. The staff at Manhattan Beach Middle School is proud to offer a program that is forward thinking, standards-driven, and devoted to excellence.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

#### Teacher Credentials

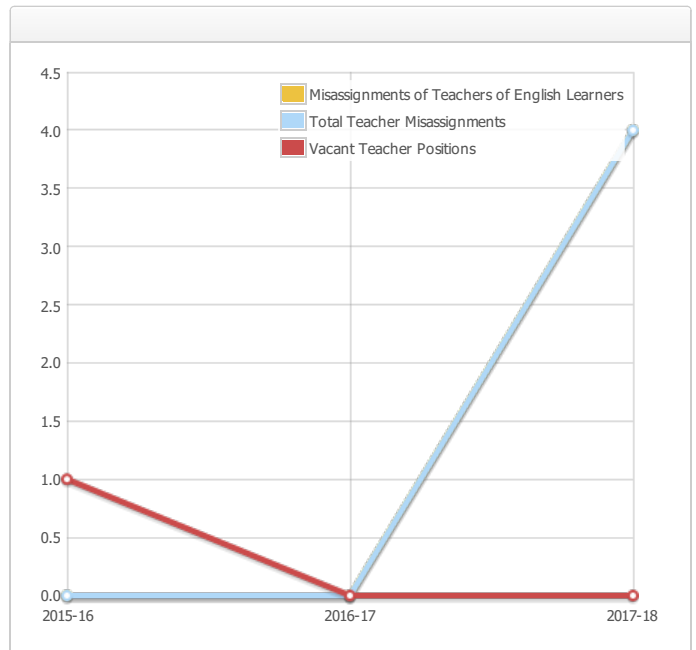

Teachers	School			District
	2015-16	2016-17	2017-18	2017-18
With Full Credential	64	62	58	287
Without Full Credential	0	0	1	2
Teachers Teaching Outside Subject Area of Competence (with full credential)	4	0	0	0

Last updated: 1/5/2018

#### Teacher Misassignments and Vacant Teacher Positions

Indicator	2015-16	2016-17	2017-18
Misassignments of Teachers of English Learners	0	0	4
Total Teacher Misassignments*	0	0	4
Vacant Teacher Positions	1	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

\* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

## School Facility Conditions and Planned Improvements

It is critical that school facilities ensure basic safety and security for all students and staff and provide the foundation and structure necessary to maximize student learning. The Manhattan Beach community recognizes the positive correlation between excellent school facilities and student learning. Bond measures A, M, BB, E and C were passed in 1995, 2000, 2008, and 2016 respectively. The first two measures supported the building of a new middle school and modernization of several school sites. Measure BB provided new, state-of-the-art science and academic classrooms at Mira Costa High School and funded new career technical education and arts facilities. In addition, upgrade occurred in the areas of plumbing, restrooms, overall campus safety, energy efficiency, and student support services. The District's Maintenance and Operations staff makes every effort to maintain safe, clean, and attractive facilities that support the teaching and learning process. None of the emergency facilities needs specified in Education Code §17592.72(c)(1) exists at any of the school sites in the District.

MBMS is fortunate to be located in a community that holds maintenance of school facilities and grounds in high regard. In 1995, the community of Manhattan Beach strongly supported a bond issue, Measure A, which built Manhattan Beach Middle School. MBMS is unique in the South Bay because its architectural design is specific to the needs of middle school children. MBMS consists of 57 state-of-the-art classrooms, a multi-purpose room, a library media center, a computer lab, a gymnasium, and outdoor blacktop and field areas where instruction occurs.

Four full-time custodians and one part-time custodian maintain all classrooms, restrooms, and other campus areas daily. When an area of the campus requires maintenance, our site custodians or District maintenance staff work diligently to perform the needed task. Students, parents, and staff are proud of MBMS and work together to keep the buildings and grounds tidy and well maintained. MBMS incentivizes students to take responsibility for their campus by picking up their own trash through our PBIS ticket system. This program instills a sense of responsibility in our students.

*Last updated: 1/8/2018*

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### CAASPP Test Results in ELA and Mathematics for All Students

##### Grades Three through Eight and Grade Eleven (School Year 2016-17)

Subject	Percentage of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts / Literacy (grades 3-8 and 11)	81%	82%	82%	84%	48%	48%
Mathematics (grades 3-8 and 11)	68%	72%	72%	74%	36%	37%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

*Last updated: 1/5/2018*

**CAASPP Test Results in ELA by Student Group****Grades Three through Eight and Grade Eleven (School Year 2016-17)**

<b>Student Group</b>	<b>Total Enrollment</b>	<b>Number Tested</b>	<b>Percent Tested</b>	<b>Percent Met or Exceeded</b>
All Students	1455	1416	97.32%	81.78%
Male	726	709	97.66%	77.01%
Female	729	707	96.98%	86.56%
Black or African American		--	72.73%	62.50%
American Indian or Alaska Native	--	--	--	
Asian	149	147	98.66%	91.84%
Filipino			100.00%	72.73%
Hispanic or Latino	157	154	98.09%	70.13%
Native Hawaiian or Pacific Islander	--	--	--	
White	914	885	96.83%	80.45%
Two or More Races	210	208	99.05%	90.38%
Socioeconomically Disadvantaged	38	36	94.74%	52.78%
English Learners	24	24	100.00%	58.33%
Students with Disabilities	183	174	95.08%	41.38%
Students Receiving Migrant Education Services				
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

*Last updated: 1/5/2018*

**CAASPP Test Results in Mathematics by Student Group****Grades Three through Eight and Grade Eleven (School Year 2016-17)**

<b>Student Group</b>	<b>Total Enrollment</b>	<b>Number Tested</b>	<b>Percent Tested</b>	<b>Percent Met or Exceeded</b>
All Students	1455	1415	97.25%	71.59%

Native Hawaiian or Pacific Islander	--	--	--	
White	914	885	96.83%	68.14%
Two or More Races	210	207	98.57%	82.61%
Socioeconomically Disadvantaged	38	36	94.74%	41.67%
English Learners	24	24	100.00%	66.67%
Students with Disabilities	183	174	95.08%	33.33%
Students Receiving Migrant Education Services				
Foster Youth	--	--	--	--

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

*Last updated: 1/5/2018*

**CAASPP Test Results in Science for All Students**

**Grades Five, Eight and Ten**

Subject	Percentage of Students Scoring at Proficient or Advanced					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
Science (grades 5, 8, and 10)	82.0%	80.0%	89.0%	87.0%	56%	54%

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

*Last updated: 1/5/2018*

# State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

## California Physical Fitness Test Results (School Year 2016-17)

Grade Level	Percentage of Students Meeting Fitness Standards		
	Four of Six Fitness Standards	Five of Six Fitness Standards	Six of Six Fitness Standards
7	10.1%	34.5%	50.4%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

*Last updated: 1/5/2018*

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

#### Opportunities for Parental Involvement (School Year 2017-18)

##### Contacts:

Principal- Kim Linz- 310: 545-4878  
 MBMS PTA Presidents- Stacey Myrose and Betsey Keely 310: 545-4878 or [President@MBMSPTA.com](mailto:President@MBMSPTA.com)  
 PTA website: <http://www.mbmswaves.com>

We believe that informed parent participation is essential to a student's educational success. Parents are strongly urged to be actively involved in their child's middle school experience. The MBMS PTA encourages parents to volunteer by lending their talents and expertise to the school in numerous capacities including summer orientation, school pictures, book fair, yearbook, lunch supervision, classroom assistance, fundraising, library, dances and celebrations, Wednesday Wave Newsletters and several other areas. Over 83,560 parent volunteer hours were logged during the 2014-2015 school year. Parents also serve as vital members of school committees including PBIS, SEW and scheduling committees.

In addition to coordinating volunteer efforts, the PTA provides parent education seminars throughout the school year. Topics that have been presented include understanding the adolescent child, Internet safety in the home, guidance for parental assistance with homework, drug abuse prevention, the prevention of eating disorders, stranger safety for adolescents, and transitioning to the high school. Parents also support the school through their work as members of the Manhattan Beach Education Foundation and the MBMS School Site Council. Additional community support for students at MBMS is provided by the Beach Cities Health District, the Manhattan Beach Coordinating Council, the Rotary Club, the Neptunian Society, and other local organizations. For more information on how to become an involved parent at MBMS, please contact our PTA at <http://www.mbmswaves.com>.

### State Priority: Pupil Engagement

*Last updated: 12/28/2017*

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

# State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

Rate	School			District			State		
	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17

## School Safety Plan (School Year 2017-18)

Date of Last Review/Update: October 2017

Date Last Discussed with Staff: October 2017

Students at Manhattan Beach Middle School enjoy a safe and orderly climate that is conducive to teaching and learning. MBMS has a comprehensive school safety plan that was developed by teachers, parents, city fire and police department representatives, and other school and District personnel. The plan is reviewed annually with the staff, parents, and Board of Trustees. Copies of the school emergency management system are located in each classroom and in the main office. The MBMS school safety plan outlines evacuation procedures and delineates staff members responsible for rescue, first aid, and student management. Fire and emergency drills are conducted regularly at various times throughout the school day. Every classroom is connected to the main office by a public address system, supported by battery power, and each classroom is equipped with telephone service.

Safety supplies such as comprehensive search and rescue materials and first aid kits are located throughout the campus. The safety of all students is monitored daily by the principal, two assistant principal, five student counselors, campus security personnel, part-time noon supervisors, and parent volunteers. Many of the MBMS staff is trained in CPR, first aid, and AED use every two years. The administration has been trained in citywide disaster training. This training was repeated for the staff by the Manhattan Beach Fire Chief. MBMS also has a School Resource Officer, funded by the Manhattan Beach Police Department, on campus. His role is to work with students to provide preventative policing. He is also available for emergencies and to help maintain a safe atmosphere on campus.

## Professional Development

The Manhattan Beach Unified School District (MBUSD) recognizes the importance of offering high quality staff development opportunities for all personnel. We strive to provide personalized professional learning for all staff that includes, individual, grade level, department, school-wide and district-wide support. During the 2016-17 school year, MBUSD provided one full-day workshop for all teachers, and multi-day workshops for elementary teachers and teachers in the following secondary departments: science, world languages, math, visual and performing arts, English, and history/social studies. The focus of these workshops was on the implementation of the subject area standards including: Common Core State Standards (CCSS), Next Generation Science Standards (NGSS), the 5E Lesson Model, and the CA History-Social Science Framework.

During the school year Elementary teachers had professional development in conferring with students in both ELA and math and an introduction to the NGSS and related science resources. Secondary teachers received department specific professional development on the shifts required in their content and pedagogy. Partnerships with UCI, LMU, LACOE, TL NGSS, Momentum in Teaching, and Socratic Seminars International, to name a few, were developed to provide teachers with these differentiated professional development experiences. In addition to teacher workshops, site administrators participate in a minimum of five half-day workshops annually. Principal professional development focuses on instructional leadership strategies to support teachers.

Throughout the academic year, professional development activities (e.g. coaching, lesson study) focus on student achievement by providing staff with opportunities to learn skills and strategies that facilitate student progress. In addition, staff examines performance data and identifies gaps in student learning on a regular basis. There is an emphasis on sustained, ongoing articulation among the elementary, middle, and high schools. Additional areas of focus for staff development have included curriculum mapping, common assessments, improving instructional strategies, differentiating instruction, meeting the needs of students with learning disabilities, and several other topics. Through District and site funding to provide professional growth, teachers and other staff have opportunities to attend conferences, participate in workshops, and observe other teachers. In addition, the District and individual school sites provide staff development opportunities both during the day and outside of school hours.

To assist in determining focus areas for professional development, secondary department chairs participate in goal setting meetings with district office staff, elementary teachers participate in a variety of committees, and site leadership is also engaged in the process. The data gleaned from these venues provide information about the areas teachers have defined as being important to their professional growth.

Manhattan Beach Unified School District is a member of the South Bay Beginning Teacher Support and Assessment (BTSA) Consortium. The BTSA program provides mentoring for first and second year educators new to the teaching profession as a critical component of the teacher credentialing process. Teachers in this program attend a variety of training opportunities and are coached and supported by their mentor teacher. MBUSD also conducts New Teacher Institutes, which are comprised of multiple days of professional development in MBUSD signature practices and opportunities for personal coaching.
