

# **UCLA NGSS-Aligned Lesson Planning Agenda**

## **November 10**

**Presenter:** Annie Maben, UCLA Science Education Consultant

### **RESOURCES TO BRING:**

- Laptops and a large flash drive (2GB+), any books, instructional guides you need for planning

### **SESSION OUTCOMES:**

- Collaboratively access prior knowledge and new resources to create one NGSS-aligned, 5 E Inquiry Lesson per content or grade level.
- Deepen understandings around how to integrate NGSS DCI's, SEP and CCC into key lessons
- Increase efficacy in creating inquiry-based lessons
- Understand the basic cycle of Lesson Study and outcomes of the process for teachers and students
- Deepen collaboration among MBUSD teachers
